VINYL TONNEAU COVER

Simple to install and a cost effective way to cover your load bed. The alloy frame uses clamps to attach to the load bed so no drilling is required and only needs to be partially dismantled to accommodate large loads. This can easily be done in under 5 minutes.

Centre support beams makes the cover taut and stops water pooling on the surface of the cover. Hidden fasteners give the appearance of a single piece, making it more secure.

Available for all Isuzu vehicles.

Single cab part no: IACC2660

Extended cab part no: IACC2661

Double cab part no: IACC2662

FOLDING SOFT VINYL TONNEAU COVER

Practical and stylish, this tri-fold vinyl tonneau cover is a great addition to your Isuzu D-Max as it reduces air drag. The tonneau cover can be easily fitted and only requires four non-drill clamps to secure it to the truck bed. The cover folds right up to the pick-up cab and can be secured in the fold up position if required using the securing straps.

FOLDING HARD VINYL TONNEAU COVER

Practical and stylish, this tri-fold vinyl tonneau cover is a great addition to your Isuzu D-Max reducing air drag and improving fuel consumption. Easily installed, the tonneau cover requires four non-drill clamps to secure it to the pick-up bed, with fitting and removal taking a matter of minutes. The cover folds right up to the pick-up cab and can be secured in the folded position, if required, using two securing straps.
