All you need is a QR code-reader which you can simply choose and download from the App Store. Start the reader and hold your smartphone or tablet about 20cm from the code.

You can also discover the new BMW 2 Series Active Tourer in a digital brochure. Simply download it directly to your tablet from the BMW brochure app, which can be found in the App Store.

Internet use, depending on your mobile contract, may incur costs.

THE NEW BMW 2 SERIES ACTIVE TOURER. BUILT FOR LIVING.

FEATURED MODEL.

- 04 BMW 225i xDRIVE LUXURY ACTIVE TOURER:** BMW TwinPower Turbo four-cylinder petrol engine; 231hp (170kW); 18" light alloy V-spoke style 485; exterior in Platinum Silver metallic; perforated Dakota leather seats in Canberra Beige with Grey stitching; Finesse Shore wood trim with inlays and Pearl Chrome finisher.

The images and product descriptions are subject to changes.

INNOVATION AND TECHNOLOGY.

- 18 BMW TWIN POWER TURBO ENGINES:** The heart of BMW EfficientDynamics.
- 20 BMW EFFICIENT DYNAMICS:** Maximum driving pleasure, minimum fuel consumption.
- 22 BMW CONNECTED DRIVE:** In touch with your world.
- 24 SUSPENSION:** Innovative systems for more driving pleasure.
- 26 SAFETY:** Technology at the highest level.

INDIVIDUALITY AND CHOICE.

- 30 EQUIPMENT:** SE, Sport, Luxury and M Sport, equipment highlights, wheels and tyres and Genuine BMW Accessories.
- 48 COLOURS:** Exterior, interior and upholstery colours.
- 52 TECHNICAL DATA:** Facts, figures and dimensions.
- 54 BMW SERVICE:** BMW Service, BMW Financial Services and BMW Experience.

— THE —
PERFECT
COMPANION.

The new BMW 2 Series Active Tourer makes everyday life more exciting and long trips more relaxed. It combines intelligent flexibility with comfort and dynamics. And no matter what you get up to, it's incredibly fun.

EXPERIENCE THE NEW
BMW 2 SERIES ACTIVE TOURER IN A MOVIE ADVENTURE.

LOOKS RIGHT, DRIVES RIGHT.

Beautifully compact on the outside, beautifully flexible on the inside. The new BMW 2 Series Active Tourer shows how much fun functionality can be. With its distinctive contours and dynamic lines it perfectly combines everyday practicality with driving pleasure.

**ROOM FOR
EVERYTHING.
EXCEPT BOREDOM.**

Nothing gives you space like the BMW 2 Series Active Tourer. Thanks to its numerous intelligent storage solutions, it adapts to your needs. And because it always reserves room for driving pleasure, you'll soon find your favourite space. After all, it's a BMW.

EXCELS EVERYWHERE.

The new BMW 2 Series Active Tourer will deliver every time, whether in the town or country, flat stretches or hills – thanks to its pulling power, agility and road grip. The innovative, powerhouse three and four-cylinder engines with BMW TwinPower Turbo technology bring sheer driving pleasure to the road.

**FIVE DOORS. YET SO
HARD TO GET OUT.**

The new BMW 2 Series Active Tourer has everything you expect from a BMW: a cockpit designed to meet the driver's every need. A low-set tailgate with the classic BMW L-shaped lights. And a premium-quality interior that is both spacious and inviting.

LOADS OF LUGGAGE? BRING IT ON!

There are numerous reasons why travelling in the new BMW 2 Series Active Tourer can feel like a real treat: Its spaciousness, elevated seating position, ample head and leg room in the rear, and last but not least, is the fact that stacks of luggage will not be a problem as both the rear seat backrests and the front passenger backrest can be folded down flat.¹

¹ Folding front passenger backrest available on SE and Luxury models (without Sport seats and electric front seats).

INNOVATION AND TECHNOLOGY.

BMW TWIN POWER TURBO ENGINES: At the heart of BMW EfficientDynamics.

BMW EFFICIENT DYNAMICS: Maximum driving pleasure, minimum fuel consumption.

BMW CONNECTED DRIVE: In touch with your world.

SUSPENSION: Innovative systems for more driving pleasure.

SAFETY: Technology at the highest level.

BMW TwinPower Turbo engines. At the heart of BMW EfficientDynamics.

Experience a new dimension of driving pleasure and efficiency with innovative BMW engines featuring TwinPower Turbo technology. This innovation package – a milestone of the BMW EfficientDynamics strategy – combines advanced injection systems and fully variable output control with innovative turbocharger technology for maximum dynamism and efficiency. The result: sheer driving pleasure.

BMW TWIN POWER TURBO IN-LINE FOUR-CYLINDER DIESEL ENGINE 218d.

A true highlight of the BMW 2 Series Active Tourer is the **new BMW 218d**. The top-performing four-cylinder engine and BMW TwinPower Turbo technology combine the latest common rail direct injection with fully variable power distribution and innovative turbocharger technology. Together with the optional **eight-speed automatic transmission with Steptronic** available on Sport, Luxury and M Sport models, the BMW delivers maximum efficiency and incredibly smooth gear shifts. This makes changing gears and driving significantly more comfortable, thanks to fast engine speed transitions and shorter shift times.

BMW EfficientDynamics
Less emissions. More driving pleasure.

BMW 225i xDrive.¹

- BMW TwinPower Turbo four-cylinder in-line petrol engine with 231hp (170kW) and 350Nm of torque
- Acceleration 0–62mph: 6.3 seconds
- Top speed: [147mph (237km/h)]
- Combined fuel consumption: [43.5–44.1mpg (6.4–6.5l/100km)]
- CO₂ emissions: [148–152g/km]

BMW 220d / 220d xDrive.¹

- BMW TwinPower Turbo four-cylinder in-line diesel engine with 190hp (140kW) and 400Nm of torque
- Acceleration 0–62mph: 7.6 seconds [7.5 seconds / xDrive 7.3 seconds]
- Top speed: 141mph (227km/h) [140mph (225km/h) / xDrive 139mph (223km/h)]
- Combined fuel consumption: 62.8–64.2mpg (4.4–4.5l/100km) [64.2–65.7mpg (4.3–4.4l/100km) / xDrive 58.9–61.4mpg (4.6–4.8l/100km)]
- CO₂ emissions: 115–119g/km [112–116km/h / xDrive 122–127km/h]

BMW 220i.¹

- BMW TwinPower Turbo four-cylinder in-line petrol engine with 192hp (141kW) and 280Nm of torque
- Acceleration 0–62mph: 7.5 seconds [7.4 seconds]
- Top speed: 143mph (230km/h) [142mph (228km/h)]
- Combined fuel consumption: 46.3–47.9mpg (5.9–6.1l/100km) [48.7–50.4mpg (5.6–5.8l/100km)]
- CO₂ emissions: 137–142g/km [130–134g/km]

BMW 218d.

- BMW TwinPower Turbo four-cylinder in-line diesel engine with 150hp (110kW) and 330Nm of torque
- Acceleration 0–62mph: 8.9 seconds
- Top speed: 129mph (208km/h)
- Combined fuel consumption: 65.7–68.9mpg (4.1–4.3l/100km)
- CO₂ emissions: 109–114g/km

BMW 218i.

- BMW TwinPower Turbo three-cylinder in-line petrol engine with 136hp (100kW) and 220Nm of torque
- Acceleration 0–62mph: 9.2 seconds
- Top speed: 127mph (205km/h)
- Combined fuel consumption: 54.3–57.6mpg (4.9–5.2l/100km) [53.3–55.4mpg (5.1–5.3l/100km)]
- CO₂ emissions: 115–120g/km [119–124g/km]

BMW 216d.¹

- BMW TwinPower Turbo three-cylinder in-line diesel engine with 116hp (85kW) and 270Nm of torque
- Acceleration 0–62mph: 10.6 seconds
- Top speed: 121mph (195km/h)
- Combined fuel consumption: 72.4–74.3mpg (3.8–3.9l/100km)
- CO₂ emissions 99–104g/km

¹ Provisional data. Availability from November 2014. Values in [] refer to vehicles with automatic transmission. Fuel consumption and CO₂ emissions are affected by the selected wheel and tyre sizes.

BMW EfficientDynamics

Making light work of lower fuel consumption.

BMW EfficientDynamics is the BMW Group strategy that comprises all measures aimed at improving efficiency while simultaneously enhancing dynamics in every BMW vehicle. Since 1995, it has led to a 30% reduction in CO₂ output across the European new-vehicle fleet, a figure that will fall by a further 25% by the summer of 2020.

EXCEPTIONAL: ECO PRO MODE.

ECO PRO mode helps drivers reduce their fuel consumption by up to 20%, depending on their driving style – according to an internal BMW fuel consumption study. For example, ECO PRO will advise the driver to accelerate less aggressively, the optional eight-speed automatic transmission shifts even faster to higher gears and the automatic air conditioning is subject to energy optimised settings.

ENGINE.

The BMW TwinPower Turbo technology concept is used in all BMW **petrol engines**. Innovative turbocharger technology combined with High-precision direct injection and fully variable Valvetronic engine management, including Double-VANOS, all serve to improve performance, provide exceptional responsiveness even at low engine speeds and reduce fuel consumption.

Diesel engines combine the latest fuel injection technologies and fully variable vane geometry with innovative turbocharger technology for enhanced efficiency and a more dynamic performance. All available engines feature a lightweight aluminium design and come with a maintenance-free particle filter.

OVERALL CONCEPT.

BMW has been utilising intelligent lightweight construction since the 1930s. Exceptionally light materials are used for certain carefully selected parts of the car body – such as aluminium in the suspension and at the front of the car. This contributes to lower fuel consumption and higher performance, while maintaining maximum passive safety.

ENERGY MANAGEMENT.

Auto Start-Stop automatically switches off the engine when the vehicle is stationary. As soon as you engage the clutch (manual) or take your foot off the brake (automatic), the engine immediately starts up again and your journey continues. And without any effort on your part, you've saved fuel and helped protect the environment.

Optimum Shift Indicator. Changing gear at the right time can produce significant fuel savings. The optimum gear shift indicator tells you which gear you should select to increase fuel efficiency. The display is conveniently positioned directly in your line of vision. Depending on your driving style, the system also recommends how to go up and down the gears more effectively.

Brake Energy Regeneration. Now when you brake, you won't just be slowing yourself down, you'll be helping to keep your car moving. It sounds counter-intuitive, but whenever you apply the brakes or take your foot off the accelerator, you recycle energy instead of wasting it. Brake Energy Regeneration then uses this energy to recharge the battery. In the process, it reduces the demand on your engine, means you consume less fuel and keeps down your emissions.

BMW ConnectedDrive In touch with your world.

Our world is becoming more connected every day with instant access to information at any time and any place. With your BMW being an integral part of your lifestyle we believe it's important that you can keep up to date from behind the wheel. BMW ConnectedDrive delivers intelligent solutions that allow you to remain connected whilst on the move.

Advanced driver assistance systems can connect you to the outside world so that you know exactly what is happening around you, premium traffic solutions ensure you are taking the most time efficient route whilst online services provide direct access to information about your current location or chosen destination. Today, driving enjoyment is derived as much from being informed and relaxed as it is from impressive performance and efficiency – discover how the comprehensive range of **ConnectedDrive Services** and technologies can enhance the connected capabilities of your Ultimate Driving Machine.

For more information please visit:
www.bmw.co.uk/connecteddrive
www.bmw.ie/connecteddrive

Wherever your journey may lead, you can stay in touch with **BMW ConnectedDrive Services**. The range of innovative functions provide optimum integration between the driver, vehicle and the world outside – anytime, anywhere. The comprehensive range of advanced driver assistance systems seamlessly integrate the driver into their immediate environment. Headlights, sensors, cameras and radars can combine to ensure the driver is fully informed about what is happening around them, delivering superior comfort and convenience as well as enhanced safety for both passengers and other road users.

Head-up Display. The optional full colour Head-up Display projects important driving information directly into the driver's field of vision. The information displayed can be customised in the vehicle settings and includes the current speed of travel, navigation instructions or telephone and music listings. This convenient display ensures that your eyes are always on the road ahead for a safer driving experience.

Reversing Assist camera. Provides extra confidence in tight manoeuvres and when parking. A camera clearly shows the area directly behind the vehicle in the Control Display. Interactive guidelines help determine the trajectory of the manoeuvre and highlight whether the parking space selected is large enough.

Comfort Access. This optional system allows you to unlock, lock and start your BMW without inserting or having to hold the key in your hand. When you have the key fob on your person, simply touch the door handle or boot lid and the BMW unlocks or locks as required by transmitting an identification signal to the car. Similarly, a touch of the Start-Stop button is all it takes to start the engine. Includes smart-opener which is a contactless opening of the boot lid via a sensor underneath the rear bumper, adding extra convenience when you have your hands full.

Suspension. Innovative systems for more driving pleasure.

The wide range of innovative technologies in the new BMW 2 Series Active Tourer are there to make sure that you thoroughly enjoy every journey. Many systems are intelligently networked, allowing you to experience maximum driving pleasure in the utmost safety.

BMW xDRIVE.

This system adapts perfectly to even the most challenging road conditions, ensuring outstanding traction at all times. With xDrive and standard Dynamic Stability Control (DSC), the vehicle remains directionally stable and on track. Split-second response times allow xDrive to distribute drive power flexibly between the two axles for optimum grip. In this way, xDrive combines the advantages of four-wheel-drive (traction, directional stability and safety) with classic BMW agility.¹

Standard **Performance Control** lets the driver choose between the standard Comfort mode, ECO PRO mode, which is geared towards efficiency, and Sport mode, which enables even more dynamic driving. ECO PRO adjusts the characteristics of the accelerator pedal and transmission as well as the heating/air conditioning settings to suit the driving situation.

Optional **Variable Sport steering** with Servotronic, enables direct and agile handling with less steering effort. It reacts according to the steering angle, and independently of speed, to improve handling during sporty driving. It also makes parking more comfortable.

The optional **Electronic Damper Control** allows the driver to adapt the shock absorber characteristics to suit the driving conditions, thus enhancing ride comfort and driving dynamics. In addition to the standard Comfort mode, there is also Sport mode for even more dynamic driving enjoyment.

Safety. Technology at the highest level.

The new BMW 2 Series Active Tourer is equipped with cutting-edge technologies that can always be relied on. Superb handling and innovative equipment come standard, giving the driver exactly the right support for any situation. It all means that you can feel safe in all road conditions.

The new BMW 2 Series Active Tourer is the perfect companion to travel comfortably and safely with the whole family. Optional Driving Assistant provides a range of camera-based systems that enhance safety and reduce the risk of potential collisions at high and low speed. For example, if a vehicle in front of you brakes suddenly Forward Collision Warning alerts you with audio and visual cues in order to react in time. In the event of an accident, the standard intelligent BMW Emergency Call will promptly send a call for help, assuring the fastest possible assistance.

■ **Dynamic Stability Control (DSC)** continually assesses the vehicle's movements and optimises directional stability and traction by intervening in engine and brake management. This makes it much easier to control the vehicle, even on difficult surfaces, actively increasing driving safety.

□ **Adaptive LED Headlights** with variable light control, including cornering lights, help increase driving safety by optimally illuminating the road ahead. Light distribution is automatically adapted to match your speed and the steering angle.

■ **Airbags** are one of the passive safety components in a BMW. Driver and front passenger airbags, as well as the side airbags integrated into the front seat backrests, provide strategic protection.

□ **Driving Assistant** includes Forward Collision Warning which detects vehicles in front and warns the driver when they are too close. Lane Departure Warning alerts the driver if the vehicle strays from the lane of travel without indicating.

■ **BMW Emergency Call** establishes a connection to the local Emergency Services so that immediate action can be taken and assistance dispatched without delay.

□ **Traffic Jam Assist**, this optional feature steers, controls and maintains the speed and distance to the car ahead in congested traffic in speeds up to 37mph.

INDIVIDUALITY AND CHOICE.

EQUIPMENT: SE, Sport, Luxury and M Sport, equipment highlights, wheels and tyres and Genuine BMW Accessories.

COLOURS: Exterior, interior and upholstery colours.

TECHNICAL DATA: Facts, figures and dimensions.

BMW SERVICE: BMW Service, BMW Financial Services and BMW Experience.

SE.

[01 / 03] The new BMW 2 Series Active Tourer in optional Mediterranean Blue with 17" light alloy V-spoke style 479 wheels boasts a compact, athletic appearance. **[02]** The cockpit exudes style and sophistication with Oxide Silver interior trim and standard Sport multi-function leather steering wheel.

[04] Adding to the comfort factor are seats upholstered in Anthracite Grid cloth. **[05]** 17" light alloy V-spoke style 479, 7.5J x 17 with 205/55 R17 tyres.

SPORT.

Interior equipment features:

- Contrast stitching on instrument panel - in red or grey to match seat upholstery
- Door sill finishers with Sport designation, front
- Glovebox handle with Chrome finisher
- Interior trim, High-gloss Black with Pearl Chrome finisher
- LED ambient lighting in door trim
- Race cloth upholstery
- Remote control with integrated key, with Silver highlight
- Sport seats, driver and front passenger

Exterior equipment features:

- 17" light alloy Star-spoke style 379
- Exhaust tailpipe finisher, Dark Chrome (galvanised)
- Front air inlet with High-gloss Black finisher
- Kidney grille with 10 extra-wide High-gloss Black fronted vertical slats
- Rear bumper with High-gloss Black finisher

02 □

01 □

[01] The ergonomic layout of the controls in the cockpit and overall design are characteristic of the BMW focus on the driver's well-being.

EQUIPMENT HIGHLIGHTS.

[01] Park Assist makes parallel parking easier. It steers while the driver controls the accelerator and the brake. **[02]** Head-up Display transmits driving-related information directly into the driver's line of vision. **[03]** Rear Park Distance Control (PDC) makes it easier to reverse and park the car in tight spaces. **[04]** Driving Assistant Plus includes Approach and Lane Departure Warning and Active Cruise Control with Stop&Go function. **[05]** Driving Assistant combines Lane Departure Warning and Approach Warning systems. **[06]** BMW Navigation Plus includes 8.8" widescreen display, iDrive Touch Controller, 8 programmable favourite buttons, route planning including ECO PRO route, multiple map views and 3D city models. **[07]** Reversing Assist camera shows the area behind the car on the Control Display. Interactive track lines provide assistance when manoeuvring or parking.

[08] 12V power socket, conveniently located in the centre console. **[09]** Automatic air conditioning with two-zone control, Automatic Air Recirculation (AAR), microfilter, fogging and solar sensors. **[10]** Extended lighting including ambient lighting with two colour options, using LED technology, includes reading lights, vanity mirror lights and footwell illumination. **[11]** Enhanced Bluetooth telephone preparation with USB audio interface and Voice Control allows a mobile phone to be connected to the vehicle via Bluetooth. Snap-in adapter may be required (available from BMW Genuine Accessories). **[12]** Loudspeaker system - harman/kardon with 360W digital amplifier, 12 speakers including centre speaker. **[13]** Storage options: A covered compartment in the centre console, an open chest under the centre armrest, two cup holders (front) and storage compartments in the doors.

EQUIPMENT HIGHLIGHTS.

[01] The 40:20:40 split-folding rear seat bench offers maximum flexibility. When completely folded down, it provides almost flat storage space. **[02]** The front passenger seat with foldable backrest is a perfect example of the concept's flexible space usage by allowing loading of longer items and providing an increased load area through from the rear. (Available on SE and Luxury models only). **[03]** Sport seats for the driver and front passenger provide optimum support. **[04]** Electric front seat adjustment with driver memory for two seat positions. **[05]** Sliding rear seat bench allows adjustment for a more comfortable seating position or an increased capacity in the luggage compartment. **[06]** Higher seat positions make it easy to get in and out of the car and also provide a better view while driving.

[07] Comfort Access, provides keyless access and starting of the vehicle, also includes smart-opener allowing for contactless access to the rear tailgate. **[08]** Automatic tailgate with soft close mechanism allows the tailgate to be opened electrically at the push of either button located in the drivers door and in the tailgate. **[09]** Included with the sliding rear seat bench, the remote backrest button electronically releases and tilts the backrest. **[10]** Storage options include a folding compartment, storage nets, multi-functional hooks in the luggage compartment, fastening straps, a storage tray in the luggage compartment. **[11]** A large tailgate with deep loading sill and wide opening make for easy access to the boot space. **[12]** The luggage compartment's foldable floor makes the vehicle even more practical with further storage space there and a useful storage tray for smaller items.

WHEELS AND TYRES.

[01] 18" light alloy V-spoke style 485, 8J x 18 with 225/45 R18 tyres. **[02]** 18" light alloy Y-spoke style 484, 8J x 18 with 225/45 R18 tyres. **[03]** 17" light alloy Y-spoke style 480, 7.5J x 17 with 205/55 R17 tyres. **[04]** 17" light alloy V-spoke style 479, 7.5J x 17 with 205/55 R17 tyres. **[05]** 17" light alloy Star-spoke style 478, 7.5J x 17 with 205/55 R17 tyres. **[06]** 17" light alloy Double-spoke style 385 7.5J x 17 with 205/55 R17 tyres. **[07]** 16" light alloy Double-spoke style 473, 7J x 16 with 205/60 R16 tyres. **[08]** 17" light alloy Multi-spoke style 481, 7.5J x 17 with 205/55 R17 tyres (standard on Luxury models). **[09]** 16" light alloy Turbine style 472, 7J x 16 with 205/60 R16 tyres. **[10]** 18" light alloy M Double-spoke style 486 M, 8J x 18 with 225/45 R18 tyres (standard on M Sport models). **[11]** 17" light alloy Star-spoke style 379, 7.5J x 17 with 205/55 R17 tyres (standard on Sport models).

GENUINE BMW ACCESSORIES.

[01] Bicycle / e-bike holder for the transport of up to three bikes (max. 60kg), extension for third bike available. Securely mounts to the trailer tow hitch. Tilting function for easy access to the luggage compartment. Image also showing 19" Turbine wheel style 481, 8J x 19. **[02]** BMW roof box 320, compatible with all BMW roof rack systems. With double-sided opening system and triple locking on each side. **[03]** Seat, Black/Anthracite, for children from approx. 12 months to 4 years old (approx. 9-18kg) for mounting on the ISOFIX base. Includes air pads for more side impact protection. **[04]** Travel & Comfort System – iPad holder. Snapped into the basic carrier and securely holds any Apple iPad™. **[05]** All-weather floor mats. **[06]** Luggage compartment mat to protect the luggage compartment from dirt and moisture. With raised border and two textile pockets. Available in Anthracite, Anthracite/Red and Anthracite/Beige (shown with folding box and loading sill mat). **[07]** Travel & Comfort System – folding table. Easily attached to the basic carrier. Has additional integrated cup holder with chrome ring.

[Colour swatches] These colour swatches are intended as an initial guide to the colours and materials available for your BMW. However experience has shown that printed versions of paint, upholstery and interior trim colours cannot in all cases faithfully reproduce the colour appearance of the originals. Please discuss your preferred colour choices with your BMW Dealer. There you can also see original samples and be assisted with special requests.

¹ Not available on M Sport.
² Availability from November 2014.
³ Only available with M Sport.

INTERIOR COLOURS.

Please note that even normal long or short-term use can lead to unrecoverable upholstery damage. This can be caused in particular by non-colourfast clothing.

Please note that the interior colour depends on the selected upholstery colour.

¹ Availability from November 2014.

² The figure quoted includes a 90% full tank, 68kg for the driver and 7kg for luggage. Unladen weight applies to vehicles with standard equipment. Optional equipment will increase this figure.

³ The figures quoted can change for xDrive models.

⁴ The actual overall trailer weight may not exceed the max. permitted trailer load, while taking into account the max. permitted tow bar download.

⁵ BMW recommends the use of RON 95 super unleaded petrol. Unleaded fuels RON 91 and higher with a maximum ethanol percentage of 10% may also be used. Output and fuel consumption figures apply to RON 98 fuel.

⁶ All engines comply with the EU6 emissions standard. Fuel consumption figures are determined according to the ECE driving cycle, which consists of approximately one-third urban traffic and two-thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured in addition to fuel consumption.

⁷ Fuel consumption and CO₂ emissions are affected by the selected wheel and tyre sizes.

⁸ Height not including roof aerial is 1.555 mm.

Values in [] refer to vehicles with automatic transmission.

THE BMW SERVICE CONCEPT:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. **Condition Based Service** tracks service fluids and parts subject to wear, and where appropriate indicates required service stops on the display. In combination with **BMW TeleServices**, the vehicle data collected by Condition Based Service are automatically transmitted to BMW. Your preferred **BMW**

Service Dealer can access the vehicle data. They will contact you when necessary to arrange a service appointment where the required repairs can be performed, using **Genuine BMW Parts**, so your driving pleasure can continue indefinitely. Worldwide, you can call on more than **3,300 Service Authorised Workshops** in more than **150 countries**.

BMW SERVICE INCLUSIVE.

BMW Service Inclusive: Wouldn't it be good to know your comprehensive servicing costs in advance? Well, that's exactly what BMW Service Inclusive¹ provides and for a low one-off payment.

BMW Service Inclusive¹ lasts for 5 years or 50,000 miles (whichever occurs first) and covers all your vehicle's comprehensive servicing requirements. Alternatively you can choose BMW Service Inclusive Plus², which in addition to servicing also covers maintenance items such as brake pads, brake discs and windscreen wipers. And whenever

servicing and maintenance work is carried out on your BMW, you can be sure that it will only be done by fully qualified BMW Service Approved Technicians at one of over 150 BMW Service Authorised Workshops around the country. Furthermore, only Genuine BMW Parts are used – each covered by a two year warranty, BMW Service Inclusive and Service Inclusive Plus are transferable to subsequent owners within the time and mileage period, which can enhance the resale value of your car.²

BMW EMERGENCY SERVICE.

BMW Emergency Service. BMW Emergency Service is the only roadside and assistance programme designed specifically for BMW vehicles offering an exceptional range of benefits and services. It is available 24 hours a day, 7 days a week and utilises a dedicated fleet of BMW Approved Technicians, equipped with Genuine Parts and tools, ensuring that you and your vehicle receive the best possible care in the event of any motoring emergency.

This tailor-made programme has been specifically designed to meet the needs of BMW drivers travelling in the UK, Republic of Ireland and Continental Europe giving complete reassurance and peace of mind. Every new BMW is covered for three years.

THE BMW EXPERIENCE.

BMW News: To ensure you're one of the first to hear the latest BMW news and developments, BMW UK offer an email programme. Sign-up at: www.bmw.co.uk/newsletter

BMW World, an iconic building in the Munich skyline. The BMW World is a true brand experience where it's possible to marvel at the historic BMWs in the museum, learn about our engineers' newest innovations and take a tour of the plant to experience with your own eyes the cutting-edge and exacting methods used to create a BMW.

BMW Magazine: Every new BMW customer receives a complimentary subscription to BMW Magazine. This publication features all the latest news and developments from BMW, together with a variety of driving and lifestyle features.

BMW CONNECTED DRIVE SERVICES.

BMW ConnectedDrive Services. A function using the built-in BMW SIM card to provide telematic and online services that are fully integrated into your BMW vehicle. All services require connection to a UK mobile network. Some services are available in other European countries. The range of ConnectedDrive Services that are available depends on the specification of the vehicle. The service duration varies depending on the ConnectedDrive Service.

For further information on BMW ConnectedDrive Services and terms and conditions please visit www.bmw.co.uk/connecteddrive-information

BMW FINANCIAL SERVICES.

BMW Financial Services: BMW Financial Services offers a range of solutions designed to help you drive the BMW of your choice. All our products offer you the flexibility to customise your finance, making driving away a BMW a reality. After all, who knows more about financing your BMW than BMW.

If you would like more information, visit www.bmwfs.co.uk. Here, you will also find details of our comprehensive range of products engineered for every eventuality.

You can view all of our current offers at the touch of a button using the BMW Financial Services Offers App. Download it now for free.

Finance is subject to status and available to over 18's in the UK only (not the Channel Islands or the Isle of Man). Guarantees and indemnities may be required. Advertised finance is provided by BMW Financial Services, Bartley Way, Hook, Hampshire RG27 9JF.

¹ Service Inclusive and Service Inclusive Plus are available as cost options. Terms and conditions apply, for full details speak to your dealer or visit www.bmw.co.uk/serviceinclusive
² For further information, please contact your local BMW Dealer.

SHAPING THE FUTURE – RESPONSIBLY.

In 2013, the BMW Group was once again listed in the Dow Jones Sustainability World and Europe Indices and thus ranked one of the most sustainable automotive companies worldwide. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. Thanks to BMW EfficientDynamics, the CO₂ emissions of our European new-vehicle fleet have dropped by more than 30% since 1995. Over the period from 2006 to 2020 we are also aiming to achieve a 45% reduction in the amount of resources – such as water and energy – that our manufacturing operations consume. Since 2007, production in our engine plant in Steyr, Austria, has generated zero waste water. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW Dealer on all matters regarding your end-of-life vehicle. For further information please visit our website.
