

FORD TOURNEO CONNECT

Go Further

Visionary. Ingenious. Remarkable.
Every vehicle bears his signature.

Henry Ford

Model shown is a Ford Tourneo Connect Titanium with Solar design metallic body colour (option) and 17" alloy wheels (option).

Model shown is a Ford Grand Tourneo Connect Titanium with Tectonic Silver design metallic body colour (option) and 17" black machined alloy wheels (option).

Life should be a balance not a compromise.

The Ford Tourneo Connect is a relaxing and comfortable place to be. Great to drive, great to sit in, it boasts premium finishes, high-quality materials and fuel efficiency without compromising everyday practicality.

Built for a long and adventurous life.

Real life is about taking the rough with the smooth. It involves the occasional bump and scrape. It's about opening and closing doors thousands of times, sitting in traffic jams and enjoying the open road.

Tested to extremes for toughness and durability, both in the laboratory and in real-world conditions, the Ford Tourneo Connect can take it all.

Use your voice like another pair of hands.

Ford SYNC 2 with Voice Control and Touchscreen

lets you select music, control navigation¹, adjust climate control (when EATC¹ is fitted) make and receive hands-free calls and choose contacts from your phone list with remarkably simple voice commands. It will even read out your incoming text messages*. You can also do all that through the 6" high-resolution colour touchscreen.

The **Ford Emergency Assistance*** feature is designed to assist occupants to place an emergency call and provide the emergency services with vehicle location information in their own language.

*Compatible mobile phone required. Emergency Assistance operates in over 30 European countries, not all European languages are supported.

¹ Satellite Navigation and EATC are optional features.

| SYNC

Surround yourself with smart ideas.

At Ford, the smart ideas are the ones that make your life a little easier. In the Tourneo Connect, you'll find front and rear parking sensors, auto headlights and wipers and a rear-view camera. Another innovative programmable feature is MyKey®, which lets you tailor vehicle settings to suit individual users and encourages safer driving. There's also a multitude of storage compartments, including underfloor stowage and a hidden compartment in the instrument panel that can store and charge your portable electronic devices.

Flexibility is the mother of convenience.

The seats in the Tourneo and Grand Tourneo Connect take adaptability to a new level. The

Tourneo second row seats tumble forward or can be removed. In the Grand Tourneo Connect the second row drops flat for easy access to the third row, which can also be folded flat to create a totally level surface to make room for larger loads. Handy stowage solutions, including overhead lockers for your passengers' belongings, keep the cabin clutter free. From

7 adults to a kayak, and most things in between, if you need to move it, the Tourneo and Grand Tourneo Connect can take it.

1. Secure high-level stowage space*
 2. Aircraft style overhead lockers*
 3. Overhead stowage*
- * Not all features are available on all models

Petrol or diesel?

We've made both options equally tempting.

1.0 EcoBoost petrol

With turbocharging, direct petrol injection and variable valve timing, our award-winning EcoBoost engines deliver the same performance as larger engines, but with much better fuel economy and lower emissions.

1.5 TDCi diesel

Our new Duratorq TDCi diesels impress with their refined power and superb efficiency. Cruising on the motorway or out on the highways and byways, their smooth torque delivery is invaluable on inclines or when overtaking. The 120 PS TDCi diesel is also available with a choice of manual or automatic transmission.

Style

Key exterior features

- 16" steel wheels with full wheel covers
- Body colour front bumper
- Manual heated door mirrors with blind spot eliminator
- Dual sliding rear doors
- 'Easy fuel' fuel filler
- Day Running Lights
- Rear liftgate with high mounted brake light
- ESC with ABS and EBA
- Immobiliser, remote central/double locking

Option packs available:

City Safety, City, Comfort, Visibility

Zetec

Exterior features in addition to Style

- Electrically-operated and heated door mirrors
- Body colour door handles
- Front fog lights
- 'Quickclear' heated windscreen and washer jets

Option packs available:

City Safety, Style

Titanium

Exterior features in addition to Zetec

- 16" 5-spoke alloy wheels
- Body colour bodyside mouldings & door mirrors
- Panorama roof and rear privacy glass
- Body colour rear bumper
- High gloss chrome headlamp bezels and grille splitter
- Integrated roof rails
- Power-foldable, body coloured door mirrors
- Active City Stop
- Rear parking distance sensors
- Auto-headlamps & rain-sensing wipers
- Static cornering front fog lamps

Style

Key interior features

- DAB radio with USB, Bluetooth and Voice Control, with Steering wheel controls
- Power front windows, one-shot down on driver's side
- Front overhead shelf & instrument panel stowage box
- 12V power point in front and rear
- Rake & Reach adjustable steering column
- Full front, side and curtain airbags

Zetec

Interior features in addition to Style

- Power second row windows
- DAB radio/CD system with 3.5" dot-matrix multi-function display, MP3 capability, SYNC with Emergency Assistance, Bluetooth® with Voice Control and six speakers
- Manual air conditioning
- Front dome light with two map lights
- Lockable glovebox
- 12 V power point in luggage compartment

Titanium

Interior features in addition to Zetec

- One-touch up/down power front windows with global opening/closing
- Child observation mirror
- Front floor mats
- Dual-Zone Electronic Automatic Temperature (DEATC) air conditioning
- Cruise Control
- Leather-trimmed steering wheel & gearknob
- Auto-dimming rear-view mirror
- Chrome door handles
- Seat back trays and passenger map pocket

Interior guide

Ford Tourneo Connect Titanium comes with a wealth of useful features to help make your life a little easier and delivers the most connected and enjoyable driving experience. Amongst the features you'll find are:

1. Leather-trimmed steering wheel with audio and cruise control toggles
2. Leather-trimmed gearshift knob
3. Radio/CD system with 3.5" dot-matrix multi-functional display, MP3 capability, SYNC with Emergency Assistance, Bluetooth® with Voice Control and six speakers
4. Dual-zone Electronic Automatic Temperature Control (DEATC)
5. Trip computer
6. Dual front cup holders
7. 12 V power point in instrument panel
8. Lockable glovebox with illumination
9. Drivers' Instrument panel storage compartment
10. Driver's sunglasses holder
11. Child observation mirror
12. Heated windscreen
13. Cruise control with Adjustable Speed Limiter
14. Height- and reach-adjustable steering column
15. 1.5-litre bottle holder in door
16. Card/ticket holders in lower instrument panel

Not all features are standard on all models

Audio technology

DAB radio/CD with 6" Touchscreen, navigation, 4 speakers, MP3 capability and Ford SYNC 2 (includes Emergency Assistance*, hands-free Bluetooth® -enabled Voice Control System, audible text messaging, USB and Privacy mode), Traffic Message Centre and rear-view camera. (Option)

Shown left and right: DAB radio/CD with Ford SYNC 2 and 6" Touchscreen colour multi-functional display.

*Ford Emergency Assistance operates in over 30 European countries. This feature works when paired with a compatible connected mobile phone that is with you when an airbag is deployed (excludes knee airbags) or a sensor that registers a crash deactivates the fuel pump. Text function and Emergency Assistance are not supported by all European languages. Compatible mobile phone required. See your local Ford website for latest information.

Rear seats – Third row (Grand Tourneo only, fold flat)	-	-	-	●	●	●

● = Standard, ○ = Option, at extra cost, □ = Part of an option pack, at extra cost.

Folding seats

The seats in the Tourneo Connect take adaptability to a new level. Second and third row rear seats in Grand Tourneo fold flat, creating a myriad of passenger and load-carrying possibilities. Second row seats in Tourneo fold and tip to maximise luggage area and all rear seat backs tilt to optimise passenger comfort. And in the Style and Zetec series the front passenger seat can be folded forward to form a convenient flat surface or load-through area.

Stowage space

	Tourneo Connect			Grand Tourneo Connect		
	Style	Zetec	Titanium	Style	Zetec	Titanium
Loadspace						
Load floor carpet (in place of rubber mat; Grand Tourneo only)	-	●	●	●	●	●
Cargo tie down hooks (4)	●	●	●	●	●	●
Removable package tray – rear	●	●	●	-	-	-

Cargo compartment net (horizontal, for floor)	-	●	●	-	●	●
Power point socket – 12 V (located in load compartment)	-	●	●	-	●	●

● = Standard, ○ = Option, at extra cost, □ = Part of an option pack, at extra cost.

Rear-view camera

Select reverse and the view from the rear-view camera is displayed automatically in the internal mirror. Marker lines overlaid on the camera image indicate where the vehicle is heading.

Tow bar, fixed

Subjected to rigorous testing to ensure the highest safety standards. (Option and accessory)

Traction Control¹⁾

If wheel slip is detected at low speed, this system can distribute torque to the wheel with most traction.

Lane Keeping Alert and Lane Keeping Aid²⁾

It only takes a momentary slip in concentration to drift out of your lane when driving on the highway. Lane Keeping Alert is designed to recognise when you approach the road markings without using the indicator, and alerts you with vibrations through the steering wheel. Lane Keeping Aid is designed to apply a steering torque back towards the lane you were in to help you recognise that corrective action is required. (Option)

Trailer Sway Control¹⁾

When it detects trailer sway, the system is designed to reduce engine torque and apply the brakes to the appropriate wheel(s) to help maintain control. (Standard with Ford factory-fit tow bar)

Hill Start Assist²⁾

Designed to prevent you from rolling down a slope temporarily when you move your foot from the brake pedal to the accelerator. It works in forward and reverse gears, so is ideal for towing when pulling heavy items and equipment for outdoor pursuits. (Standard)

Electronic Stability Control (ESC)²⁾

ESC is designed to help you maintain control in unpredictable driving conditions. It senses when the vehicle is deviating from your chosen line and aims to keep you on track by automatically regulating engine output and braking to each of the wheels. (Standard)

Emergency Brake Assist²⁾

Senses an emergency braking situation and increases the pressure within the braking system to ensure maximum stopping power is used. (Standard)

Traffic Sign Recognition²⁾

Designed to automatically read standard format road-speed signs and display the last posted speed limit in the driver's instrument cluster. Also available with optional Satellite Navigation for enhanced traffic sign recognition. (Option)

¹⁾Uses sensors.

²⁾Safety feature.

³⁾Driver assistance feature.

*Towing capacity depends on engine and vehicle series, please refer to vehicle weight and load specifications.

*Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger airbag. The safest place for children is properly restrained on the rear seat.

†Uses sensors.

Intelligent Protection System[†]

Ford's advanced IPS uses a range of sophisticated technologies designed to keep you protected, including an ultra-high strength steel safety cage, an anti-lock braking system with Emergency Brake Assist and front, side and curtain airbags.

The Ford Tourneo Connect IPS includes:

1. Driver and front passenger airbags[♦]
2. Driver and front passenger side impact airbags
3. Side curtain airbags for front and rear seats (including third row on 7-seater)
4. Collapsible steering column and pedals for optimised protection of driver's legs and feet
5. Electronic Stability Control with anti-lock brakes, electronic brake-force distribution and Emergency Brake Assist
6. Robust computer-optimised body structure with ultra-rigid safety cell and crumple zones
7. Pre-tensioners, load-limiting retractors and height-adjustable mounts on front seat belts
8. Anti-submarining seat bases

Active City Stop[†]

Designed to help reduce the likelihood or consequences of your vehicle colliding with the vehicle in front in slow-moving traffic. Applies emergency braking if it is detected that a collision is likely. (Standard on Titanium)

See round corners.

Adaptive cornering fog lights

Designed to provide additional illumination of the area to the side of the vehicle when cornering, making night-time parking and turning safer. (Option on Zetec, standard on Titanium)

Fuel and performance

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey; number of passengers and amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures (below) in day-to-day driving, although the vehicle is technically capable of doing so.

	Euro Stage	Transmission	Maximum Power PS (kW)	Torque Nm	CO ₂ emissions (g/km) ⁹⁰	Fuel consumption mpg (L/100km) ⁹⁰			Performance ⁹	
						Urban	Extra Urban	Combined	Max. speed (mph)	0-62 mph (secs)

*Ford test figures ⁹⁰The declared Fuel/Energy Consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparisons between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical aspects play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions, which contains data for all new passenger car models, is available at any point of sale free of charge or can be downloaded from <http://carfueldata.dft.gov.uk>. **Note** All engines are Euro Stage VI emissions. All petrol engines are equipped with a catalytic converter.

65.7 mpg*

*1.5TDCi100PS with optional Auto-Start-Stop

Ford EcoBoost petrol technology gives you the power of a bigger engine with the fuel economy and emissions of a smaller one. The latest ultra-efficient 1.0-litre EcoBoost engine produces an impressive 100 PS, yet it delivers a combined fuel consumption of just 50.4 mpg and CO₂ emissions of only 129 g/km.

***Payload** = Gross vehicle mass, less kerb mass. All kerb masses quoted in this brochure are subject to manufacturing tolerances and are for Style models with minimum equipment. Zetec and Titanium models will have greater kerb masses and, therefore, lower payloads due to the increased amount of standard equipment. Any additional options specified on the vehicle will reduce the payload accordingly. *Represents the lightest kerbweight assuming full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. **Note** All diesel engines are fitted with a standard vDPF (vapouriser Diesel Particulate Filter).

Enhanced versatility

Thule®+ roof box

Designed to carry a wide variety of loads and protect them from weather and theft. Most models come with dual-opening for easy access. (Accessory, available in various sizes)

Roof crossbars, for roof rails

Aerodynamic-shaped aluminium profiles, for all attachments such as roof boxes, bike carriers, ski racks, etc. (Accessory)

Thule®+ bike carrier Pro Ride 591

Lightweight and easy to use. This lockable carrier is designed for frames up to 80mm in diameter and allows you to carry your bikes securely. (Accessory)

Xvision+ Parking Distance Control

An audible warning helps you to safely judge front and/or rear parking distances. (Accessory)

Luggage compartment anti-slip mat

Durable mat, designed to keep the luggage compartment clean and tidy, ideal for transporting wet or dirty items (available as accessory for all 5-seater variants).

Detachable tow bar

For extra transport and stowage capability, the tow bar can tow up to 1200 kg*. The tow bar can be detached if not in use. Also available as a fixed tow bar. (Option and accessory)

Specify your new car right down to the wheels, audio, options and accessories then visit your Ford dealer.

You can specify your new car online using the Ford Configurator. It lets you instantly see what your car will look like – inside and out – from multiple angles. And a tally of your choices and their prices helps you keep to your budget. Visit www.ford.co.uk/ConfigureyourCar

Finance

When it comes to financing your car, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit provides a range of finance products for your car whether you are a private or business user.

Ford Lease specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business. Business users only.

For more information about our finance products visit www.ford.co.uk

Drive

When you drive away in your new car, we're with you all the way. Ford has the largest authorised service network in the UK to help you keep your car in the best condition.

And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your car back to its pre-accident condition and on the road as quickly as possible.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. **+**The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.
