We are G-Class.

A claim that visitors to the production facility in Graz will hear often. The G-Class has been hand-built here for the last 35 years – filling everyone involved with pride. The variety of models necessitates to this day a manual process on just one production line. From a range of more than 10,000 individual parts, experienced technicians therefore select the 3000 or so that they need, which they then assemble with exemplary care to create a new G-Class. Only after more than 100 man-hours of work – almost three times as much as for a machine-produced vehicle – will a G-Class leave its place of origin.

Boulders protruding half a metre out of the track. Massive tree roots breaking through the surface. The sort of terrain that would defeat any other vehicle. Welcome to the 'Schöckl' mountain. During the ongoing process of development, a G-Class must survive several thousand kilometres or more on the company's own test track. Only once the axles, frame, bodyshell, drive train and major assemblies are proven to hold out longer than their drivers, will we certify them as 'Schöckl-proof and ready for series production'.

Tried, tested and Schöckl-proof.

G 350 d

Now in its fourth decade, the G-Class boasts the same classic lines that have always made it such a unique presence. Its large glass area features distinctively shaped load compartment windows; the side skirts, shoulder lines, roof lines and side rubbing strips are almost exactly parallel, and the high wheel arches and wide track, together with a rear that's slightly thicker at the base, add up to a sturdy looking body with optimum off-road ability.

Inside, the spacious G-Class cabin is supremely comfortable whatever the distance or weather, thanks to a 2,850 mm wheelbase, heat-insulating glass all round, and heated seats front and rear. The G-Class accommodates equipment with ease too, offering up to 2,250 litres of luggage capacity and easy access via the large side-hinged tailgate. The standard 1/3:2/3 split folding rear seat and load-securing points further enhance its versatility.

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate of Vehicle Excise Duty applies to new cars on their first year of registration. For the second and subsequent years a standard rate for each taxation band will apply.¹ The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions are listed in the technical data on page 53, and the relevant Excise Duty is reflected in the on-the-road prices on page 17.

Band	CO ₂ emissions	First year rate (£)	Standard rate (£)
A	up to 100 g/km	0.00	0.00
B	101 to 110 g/km	0.00	20.00

Mercedes-Benz Finance

Why should you finance with Mercedes-Benz?

At Mercedes-Benz we believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance options, our service plans and our insurance cover as we do into our vehicles.

We are not in the business of simply providing a loan to fund the purchase of your dream vehicle. We look on it as a journey that we take with you, from the moment you choose your new Mercedes-Benz, to helping you in choosing your next one.

If you would like to find out more about any of our current offers, simply call into your local Mercedes-Benz Retailer where one of our Business Managers will be more than happy to talk you through anything you need to know.

Helping you find the right solution.

You should find our finance packages are more convenient than a traditional personal loan because:

- Funds are immediately available – no waiting for cheques or loans to clear.
- There is no security required – either against your home or other assets.
- We have clear and transparent rates – the APR we quote is the APR you get.
- We have friendly Business Managers – experts in vehicle finance who can talk you through all of your plans in detail.

One of our most popular finance products is Mercedes-Benz Agility (our Personal Contract Purchase product). We also offer Contract Hire, Operating Lease and Hire Purchase solutions. If you would like to find out more about these speak to your Retailer or visit www.mercedes-benz.co.uk/fandi.

Mercedes-Benz Agility (our PCP product).

At the start of an Agility agreement, you put down a deposit and decide the term of your agreement and your annual mileage. You will be advised of the Guaranteed Future Value, which offers you the reassurance of knowing exactly what you will need to pay to own the vehicle outright in the future (this is known as the Optional Purchase Payment).

Throughout your agreement you simply pay your agreed monthly payments and when the agreement comes to an end you either purchase, hand back or part-exchange your vehicle.

Agility features:

- Fixed regular payments mean you can easily budget.
- Payments are based only on a proportion of the vehicle's value, keeping your monthly payments lower.
- Our Guaranteed Future Value avoids the risk of unplanned depreciation of your vehicle.
- You defer your ownership decision until the end of the agreement.

At the end of your agreement you have three options to choose from.

Option 1: Purchase your Mercedes-Benz.

Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.¹ This will complete the purchase of your Mercedes-Benz, leaving you free to simply enjoy your vehicle.

Option 2: Hand back your Mercedes-Benz.

If you decide to return your vehicle to us, it must be in line with our Vehicle Return Standards,* as vehicle condition, excess mileage and other charges may be payable.

Option 3: Part-Exchange for a new vehicle.

Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.¹ This will complete the purchase of your Mercedes-Benz, leaving you free to part-exchange for a new vehicle.

¹Please note the 'Purchase Activation Fee' of £10 will be debited from your account *To find out more information about our Vehicle Return Standards please visit <http://mercedes-benz.co.uk/vrs>
