

L200

INTELLIGENT MOTION

THE ORIGINAL AND THE BEST

For over twenty years Mitsubishi's L200 has continued to raise the bar when it comes to hard-working vehicles. Its fluid lines are a world away from its boxy rivals and it has been almost entirely responsible for the market's growth, proving that hardworking vehicles and passenger car comfort can go hand in hand. In terms of build-quality, reliability and specification, style, space and comfort, the L200 still sets the standards to which others aspire. It is tough, strong and supremely safe, achieving a four-star EuroNCAP rating, and the press remain fans to this day. So if you need a workhorse with a dash of brilliance check out the many variants of the L200. After all, why settle for a copy when you can have the original?

INTELLIGENT MOTION FROM THE CLEVER CAR COMPANY

Mitsubishi has long been acknowledged to be the clever car company. Over the years we have been quietly innovative in terms of automotive engineering (our Shoguns and Evolutions have both set the benchmark in four-wheel drive technology, and in totally different forms, and we are recognised for bringing entirely new engine, drivetrain and transmission developments to the passenger car market). We're also known for finding clever ways to maximise on space (we were the first manufacturer to introduce the layout now known as an MPV); we introduced the

concept of tall cars with a small footprint and produced the first double cab pick up truly suited to European roads.

In addition to all this we are determined to become a world leader in the reduction of CO₂ emissions, by establishing a range of vehicles which can be truly lean and clean without need for compromise. To date we have been the first to launch a mass produced electric vehicle to the UK market and we've made automotive history with the world's first SUV plug-in hybrid electric vehicle – the Outlander PHEV.

Main image shows L200 Double Cab Warrior with optional Sports Bar and stainless steel rear bar.

SETTING STANDARDS ON THE ROAD

This fourth-generation L200 was the very first pick-up to introduce car-like driving standards into a heavy duty vehicle. It was the first pick-up to replace the old torsion bar front suspension system with independent double wishbones and coiled springs – just as tough, just as workmanlike, but a far better ride. It was the first pick-up to utilise power assisted rack and pinion steering, so it's easier to drive and turns the tightest circle by far – a real boon when parking or manoeuvring around our crowded streets. And it was the first pick-up to include an electronic traction control system, now fitted as standard across the range*, which provides vastly improved handling in tricky situations. Some of these features have been emulated by other pick ups, but the L200 is still the only double cab on the market to offer the all-important full-time on-road four-wheel drive capability and the option to select fuel-saving two-wheel drive for everyday use. Now why would you ever settle for less?

*Excludes Trojan

DRIVING FORCE

The L200's 2.5 litre, turbocharged, intercooled engine is clean and economical, easily meeting Euro 5b emissions criteria and returning an exceptional 35.8 mpg on the combined cycle. Acceleration is lively and it feels quicker than the figures would lead you to believe, but if you still need rather more oomph the Trojan, Warrior, Barbarian and Walkinshaw Performance models are true pick-up GTIs: the 175 bhp output results in a three second improvement on the 0-62 mph figures and provides amongst the best power to weight ratio of any pick-up in the UK. What's more they are no mere playboy pick ups: they also boast a 3 tonnes towing capacity*, which puts them right up there with the very strongest of workhorses.

*Trojan: 2.7 tonnes

Main image shows L200 Double Cab Barbarian interior.

HIGH CLASS ACT

Well-designed and well-equipped are not words normally associated with a pick-up but this is yet another area where the L200 shows its class – some models even include a fully integrated satellite navigation/audio system together with reversing camera and most now have a Bluetooth® hands-free 'phone connection. Always perfectly combining comfort with practicality there's a level of specification to suit your needs precisely, as well as an enormous range of accessories from which you can cherry pick.

A reversing camera is a real boon to the pick-up driver. It is standard on Barbarian and Walkinshaw Performance models.

Standard leather seats for the L200 Barbarian.

Standard leather seats for the L200 Walkinshaw Performance upgrade.

TRANSMISSION TALK

Warrior, Barbarian and Walkinshaw Performance models offer a choice of manual transmission or Mitsubishi's highly acclaimed INVECS-II automatic system. There's no denying that automatic transmission makes for an easier life, particularly when towing or in stop/start urban traffic, but INVECS-II goes one step further. By emulating your driving style it changes gear as you do – quickly adapting its shift pattern to change at higher revs when you're in a rush, or lower revs when you're feeling more relaxed. When you want to be in total control you can simply slip into Sports Mode and flick the lever to change gear manually.

Main image shows L200 Double Cab Warrior interior (black leather available as option).

SPACE CRAFT

The L200 is far from being the biggest pick-up around, yet Mitsubishi's vast experience in making every millimetre count meant that it set the benchmark for cabin space. But this vehicle isn't about size, it's about paying attention to the job in hand. It's about making the most of all that space with comfortable seats, complete with height adjustment for the driver. It's about looking after passengers with head restraints all round for comfort and safety, and it's about truly clever storage which means that your pick-up keeps in peak condition no matter who you have on board.

The optional accessory reversing camera's display appears in the driving mirror. (For vehicles without integrated navigation system.)

CLEVER THINKING

On some double cab models an electrically operated rear cab window provides easy access to the load area – just one example of the care which has gone into this pick-up's design.

PICKING UP STARS IN THE SAFETY STAKES

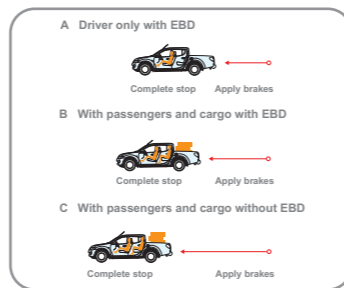

The L200 is tough, strong and supremely safe: indeed, so comprehensive are its safety measures that it has achieved a four-star EuroNCAP rating. It was the first pick-up to feature a traction control system and it is this system which contributes significantly towards the L200's superior handling. Mitsubishi's Active Stability and Traction Control (M-ASTC) with Brake Assist operates in both on- and off-road situations and ensures maximum grip under all driving conditions by simultaneously activating the correct brakes to maintain traction whilst redistributing power to the wheels with the most grip.

Of course, the greater the load the harder it is to stop, and this is particularly relevant in a pick-up. Mitsubishi's Anti-Lock Braking System features Electronic Brake-force Distribution (EBD) which adjusts the level of braking power applied, depending upon the load, between the front and rear wheels.

Incorporating Mitsubishi's RISE (Reinforced Impact Safety Evolution) the L200's body combines an exceptionally strong ladder-frame chassis, front crumple zones which absorb impact energy, and strategic reinforcement which helps to maintain cabin integrity and so protect occupants.

ACTIVE STABILITY CONTROL

ABS WITH EBD

RISE (REINFORCED IMPACT SAFETY EVOLUTION)

WALK ON THE WILD SIDE

For many, many years Mitsubishi have been acknowledged to be the masters of tough terrain and the L200 reaps all the considerable benefits of this expertise. The Super Select system – long tested in the Shogun and unique in the world of pick-ups – enables on-road driving with either two or four wheels engaged, providing extra grip on the asphalt when you need it. Two four-wheel drive modes for use off-road will ensure that you can get out of just about anything you care to get into! The Easy Select system, featured on all 4Work and 4Life models, provides rear-wheel drive on-road and the same two off-road modes as the Super Select system. In addition it also features a heavy-duty rear differential lock, which locks the differential so that both rear wheels turn together and so provides extra traction when the going gets really, really tough!

SUPER SELECT

2H (2WD high range) is generally best for highway cruising or city driving, giving smooth, economical performance. As driving conditions change, so can this L200 – on the move. At speeds of up to 62mph you can shift between 2H, 4H and 4HLc without even needing to use the clutch.

4H: 4WD high range is the full-time 4WD mode available only on the Super Select system. Torque is split equally between front and rear axles, offering the extra grip needed for safe highway driving in slippery conditions. The centre differential with VCU resolves the traditional 4WD problem of transmission wind-up experienced during cornering and tight manoeuvres.

4HLc: In 4WD high range with the centre differential locked power is evenly distributed between the front and rear wheels, improving traction and manoeuvrability on rough roads or on sandy or snow-covered surfaces.

4LLc: 4WD low range with the centre differential locked lowers the centre differential gear ratio. This provides greater torque for climbing or descending steep inclines at very low speeds, or for going through deep snow, mud or sand. To shift into or out of 4LLc the L200 must be brought to a complete halt.

Main image shows L200 Double Cab Trojan with optional stainless steel rear bar with step.

TROJAN HORSEPOWER

A superbly specified double cab model offering fantastic value, the L200 Trojan is the performance model which will also get you out of the stickiest circumstances. This is the only L200 model to combine the 175bhp high-power output and Super Select 4-wheel drive with a heavy-duty rear differential lock to give extra traction in the very toughest of tough off-road situations. It looks the part, too, with touches of chrome and colour keyed features in all the right places, as well as great attention to detail including front fog lights, tubular side steps, alloy wheels and privacy glass. Without doubt, for some the Trojan offers the best of all possible worlds.

Main image shows L200 Double Cab 4Life with optional Adventurer Commercial Top (current design has recessed side panels).

IN FOR THE LONG HAUL

me&my MITSUBISHI

Whether your L200 remains confined to the workplace, or doubles as a companion in your leisure time, you'll find it an easy vehicle to live with. For one thing, for company vehicle owners and drivers it enjoys all the considerable tax advantages of a light commercial vehicle, even if you fit a canopy. For another it's refreshingly frugal at the pumps.

When you buy a new Mitsubishi, you not only get a safe and reliable vehicle that is a real pleasure to drive, you also become part of the Mitsubishi family. And as our nearest and dearest, we want you to feel protected should you ever encounter a problem – that's why we have **me&my**.

All new L200s are provided with a comprehensive three-year, 100,000-mile warranty. Please ask your Authorised Mitsubishi Dealer for full details.

With the **Mitsubishi Assistance Package (MAP)** we go the extra mile. Our assistance programme is there to help should you breakdown at the roadside or at home. It provides vehicle recovery following a breakdown or accident and help if your vehicle is stolen or vandalised

and, if you should accidentally fill up with the wrong fuel, don't worry – we'll be there for you then too. What's more, you're covered 24/7 in over 30 countries throughout Europe. So whether you're on the daily school run or cruising through the Alps on your holidays, it's comforting to know that if the unexpected does happen, help is always at hand.

And should you be unlucky enough to have an accident we have **Mitsubishi First** – our customer support service for all Mitsubishi drivers following an accident. No matter which insurer you use, Mitsubishi First smoothes your progress through an insurance claim, handling everything on your behalf – no hassle, no claim forms, no running about, and absolutely no cost to you.

AND ONCE YOU'RE PART OF THE FAMILY...

SERVICE WITH A SMILE

A **Mitsubishi Service Plan**, purchased at the same time as your L200, covers the first three scheduled services for a modest sum. It can be included in your vehicle's finance and transferred to a new owner when you sell.

Mitsubishi Motors also offer superior **insurance cover** at a competitive price which is specifically designed for Mitsubishi vehicles and uses only genuine parts and approved repair centres.

LADDER RACK FOR CLUB CAB AND DOUBLE CAB.

Visit www.mitsubishi-cars.co.uk/L200 to see the complete range of accessories.

LOAD LOVER

With a double-walled cargo bed made from galvanized steel and with a single, central tailgate release – after all, you only have one pair of hands – the L200 really cares for your load. The tailgate may be dropped 180° or locked into the horizontal position to accommodate overlength loads.

*Single Cab illustrated – load bed length is 1805mm on Club Cab

THE NO-NONSENSE CLUB

Whilst the Mitsubishi L200 has both the brains and the body to take you far beyond the workplace, it's conceivable that you may neither want nor need to. 4Work and 4Life specifications provide a no-nonsense work ethic, giving you everything you need to do the job in hand – excellent visibility, that superb turning circle and a large, clear, double-walled cargo bed. Available in a choice of single, club or double cab body styles they offer a multitude of load-lugging options, the club cab being perhaps the most flexible. Here two rear seats provide occasional seating for extra passengers whilst a load bed in excess of 1.8m long ensures extra-generous cargo space.

CLUB CAB REAR SEATS

A SINGULAR TRUCK

If you're really single-minded about cargo, the L200 single cab has all the answers – superior capacity, both inner and outer load lashing facilities and a guard frame which separates cab from cargo area to ensure that your load stays right where it's meant to be. In the cab, as with all 4Work and 4Life models, there's the option to fit a digital tachograph as well as loads of well-thought-out storage spaces. The controls are large, clear, easy to use and ergonomically designed to be at your fingertips, the seats firm yet comfortable, with plenty of support for the driver and a steering column which can be adjusted for rake.

TRUCKMANTOP FOR SINGLE CAB.

Visit www.mitsubishi-cars.co.uk/L200 to see the complete range of accessories.

ACCESSORIES

A wide range of accessories is available to help fine-tune the L200 into the exact load-lugger you need, all of which enjoy the same exceptional warranty as the vehicle itself if fitted when new. Throughout this brochure are just a few examples, but to see the complete range visit www.mitsubishi-cars.co.uk/L200.

- 1. Aluminium tonneau cover
- 2. Fullbox (not available for Trojan)
- 3. Retractable tonneau cover; shown with Sports Bar (combination not available for Trojan) and under-rail load liner
- 4. Soft-type load liner
- 5. Over-rail load liner

- 6. Roll-up type tonneau cover (not available for Trojan)
- 7. Adventurer Top (alternatives available depending on model)
- 8. Under-rail load liner
- 9. Sport Lid (not available for Trojan)
- 10. Stainless steel side bar
- 11. Towbar with wiring kit (various types available, consult your dealer for details)
- 12. Rear parking sensors

- 13. Le Mans 3 20" alloy wheel/tyre (Warrior/Barbarian – also available with matt black finish)
- 14. Chrome rear lamp bezels
- 15. Stainless steel door handle recess covers
- 16. Stainless steel tailgate handle cover

- 17. Bluetooth® hands-free telephone kit
- 18. Reversing camera/rear view mirror kit
- 19. Textile mat set
- 20. Rubber mat set

L200 Single Cab 4Work/4Life

KEY FEATURES

4WORK:

- Easy Select 4WD system with rear differential lock • Mitsubishi Active Stability and Traction Control • Manual transmission • ABS with EBD
- Dual SRS airbags • Rear fog lamp • Bluetooth® hands-free kit
- Stereo radio/CD/MP3 player • USB/AUX port • Ladder rack

4LIFE SPECIFICATION AS 4WORK PLUS:

- Central door locking with remote keyless entry
- Electric windows • Air conditioning

L200 Club Cab 4Work/4Life

4WORK:

- Easy Select 4WD system with rear differential lock • Mitsubishi Active Stability and Traction Control • Manual transmission • ABS with EBD
- Dual SRS airbags • Rear fog lamp • Bluetooth® hands-free kit
- Stereo radio/CD/MP3 player • USB/AUX port
- Colour-keyed front bumper • Black and chrome front grille

4LIFE SPECIFICATION AS 4WORK PLUS:

- Central door locking with remote keyless entry
- Electric windows • Air conditioning • Side steps

L200 Double Cab 4Work

KEY FEATURES

- Easy Select 4WD system with rear differential lock • Mitsubishi Active Stability and Traction Control • Manual transmission • ABS with EBD • Dual SRS airbags • Rear fog lamp
- Bluetooth® hands-free kit • Stereo radio/CD/MP3 player with 4 speakers • USB/AUX port
- Colour-keyed front bumper • Black and chrome front grille

L200 Double Cab 4Life

KEY FEATURES

- Easy Select 4WD system with rear differential lock • Mitsubishi Active Stability and Traction Control
- Manual transmission • ABS with EBD • Dual SRS airbags • Rear fog lamp • Bluetooth® hands-free kit
- Stereo radio/CD/MP3 player with 4 speakers • USB/AUX port • Colour-keyed front bumper
- Black and chrome front grille • Central door locking with remote keyless entry
- Electric windows • Air conditioning • Side steps

L200 Double Cab Trojan / Trojan Black

KEY FEATURES

- Super Select 4WD system • Rear differential lock • Manual transmission
- 175 bhp engine • ABS with EBD • Dual SRS airbags • Front and rear fog lamps
- Colour-keyed front bumper • 16" alloy wheels with colour-keyed wheelarch extensions
- Tubular side steps • Chrome door mirrors and handles • Black and chrome front grille
- Central door locking with remote keyless entry • Electric windows including rear screen
- Climate controlled air conditioning • Privacy glass • Stereo radio/CD/MP3 player with 6 speakers • Electric door mirrors

Trojan Black: Specification as above plus black roof panel and black alloy wheel finish

L200 Double Cab Warrior

KEY FEATURES

- 3,000kg towing capacity • Super Select 4WD system • Mitsubishi Active Stability and Traction Control • Manual or automatic transmission
- 175 bhp engine • ABS with EBD • Dual SRS airbags • Front and rear fog lamps • Colour-keyed front bumper • 17" alloy wheels with colour keyed wheelarch extensions
- Tubular side steps • Chrome door mirrors and handles
- Black and chrome front grille • Central door locking with remote keyless entry
- Electric windows including rear screen • Climate controlled air conditioning • Cruise control
- Privacy glass • Stereo radio/CD/MP3 player with 6 speakers • Electric door mirrors

L200 Double Cab Barbarian / Barbarian Black

KEY FEATURES

- 3,000kg towing capacity • Super Select 4WD system • Mitsubishi Active Stability and Traction Control • Manual or automatic transmission
- 175 bhp engine • ABS with EBD • Dual SRS airbags • Front and rear fog lamps • Colour-keyed front bumper
- 17" alloy wheels with colour-keyed wheelarch extensions • Tubular side steps • Chrome rear lamp bezels, door mirrors and handles
- Reversing camera • Central door locking with remote keyless entry • Electric windows including rear screen
- Climate controlled air conditioning • Cruise control • Satellite navigation system and multi-display station with touch-screen operation
- Leather seats with Barbarian logo • Heated front seats • Privacy glass • Bluetooth® hands-free kit
- Stereo radio/CD/MP3 player with 6 speakers • USB/AUX port • Electric door mirrors
- Illuminated door entry guards • Remote audio controls • Daytime running lights

Barbarian Black: Specification as above plus black roof panel and black alloy wheel finish

L200 Double Cab Walkinshaw Performance (POST-REGISTRATION UPGRADE)

KEY FEATURES – SPECIFICATION AS L200 DOUBLE CAB BARBARIAN PLUS:

- 20" alloy wheels • 5-link coil spring rear suspension • Stainless steel twin-exit exhaust system • Walkinshaw Performance graphics • Leather seats with Walkinshaw Performance logo • Door entry guards

Dramatically improving both ride and handling, a sophisticated five-link rear suspension layout and coil springs replace the L200's standard system. To this are added Koni performance dampers at front and rear and polyurethane performance suspension bushes for increased axle control. Rubber performance suspension bushes to the chassis help reduce road noise and a stainless steel, twin exit exhaust system hints at the L200 Walkinshaw Performance model's enhanced capabilities.

MITSUBISHI MOTORS RECYCLING

We all have a duty to protect the environment. After a long working life we will take back any Mitsubishi Motors vehicle originally sold by The Colt Car Company Ltd. and recycle it in an environmentally friendly manner in accordance with the EU Directive on End-of-Life Vehicles and any applicable national statutory provisions.

All Mitsubishi Motors vehicles sold by The Colt Car Company Ltd., irrespective of date of sale, will be taken back free of charge from the last owner, at one of the designated take-back points, provided the vehicle contains all major components and is free of waste.

For further information please visit www.cartakeback.com, email info@cartakeback.com or call the Cartakeback info-line on 0845 257 32 33.

The specification of the vehicles illustrated in this publication may not be applicable to the UK market, furthermore some vehicle illustrations may include accessory items which are not part of UK standard specification. However, every effort has been made to ensure that the written information was accurate, up-to-date and consistent with UK specification at the time of going to press. The right is reserved to change specification, features and prices without prior notice. To avoid any misunderstandings, your Mitsubishi Motors dealer will advise of any alterations made since the date of issue of this brochure. No part of this publication may be reproduced in any form or by any means, without the prior written permission of The Colt Car Company Limited.
