The Sportline range

SPORTLINE

Caddy and Caddy Maxi Sportline. Stand out from the crowd.

A whole host of enhancements set both the Volkswagen Caddy Sportline and the Volkswagen Caddy Maxi Sportline apart from the crowd. Both models have the top-of-the-range 140PS diesel engine and a smooth 6-speed gearbox, providing huge power and workload capability.

The Caddy Sportline has a maximum payload of 677kg with a load space of 3.2m³, one side sliding door, and bulkhead with upper mesh panel whilst the Caddy Maxi Sportline carries a whopping 724kg payload in a cavernous 4.2m³ load space. It also boasts a sliding door on both sides, providing maximum flexibility in loading, and a full height solid bulkhead.

One glance will identify these models as a little bit special. Colour-coded bumpers, mirrors and door handles, lower front spoiler, rear roofline spoiler, integrated front fog lights, chrome front grilles and the bespoke 17" 6-spoke alloy wheels have a Sportline centre logo which all add to the sporty feel. The chrome side rails not only look good, they also protect the sills from damage. There's a choice of Tornado Red, Reflex Silver metallic or Diamond Black pearl paint finishes to complement your personality.

- 01** Superb sound from a RCD 300 Radio/CD player, MP3 compatible with 2 wideband speakers. Includes AUX-IN socket.
- 02** Stylish, bespoke Sportline badge.
- 03** Electric front windows.
- 04** Full height bulkhead – solid lower with plastic mesh upper on Caddy Sportline.
- 05** Sportline models can be specified in Tornado Red (or Reflex Silver metallic and Diamond Black pearl which are available at extra cost).

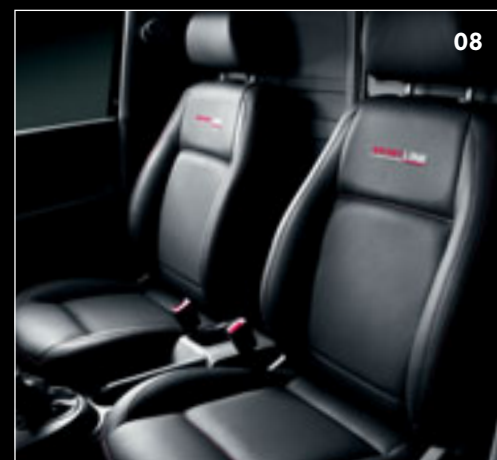

Caddy and Caddy Maxi Sportline. Be distinctive: elevate your profile.

The chrome side rails, colour-coded handles and alloy wheels make the Sportline distinctive. However, the all round exterior styling is only part of the package. The interior is a bit special too, with the seats being upholstered in premium grade, hand-crafted black Italian leather using red stitching, micro perforated centre panels and an exclusive embroidered Sportline logo.

But it is more than just the Sportline styling that makes these models a bit different. The driver's compartment is ergonomically laid out, and additional touches are easily apparent. Both models are equipped with 'Climatic' air conditioning, an RCD 300 radio/CD unit featuring an AUX-IN socket for connection to an external multimedia source such as MP3 player and iPod, and conveniently located controls for the electronic front windows and the electronically adjustable and heated mirrors.

Safety is paramount too, with ABS (Anti-lock Braking System), TCS (Traction Control System) and EBC (Engine Braking Control) all coming as standard. A driver's airbag is also fitted as well as all the appropriate safety measures you would expect from a Volkswagen Commercial Vehicle.

So when you need a good balance between work and pleasure, the Sportline range is the perfect choice.

- 06** Opaque glass on rear doors of Caddy and Caddy Maxi Sportline, image also shows the rear roofline spoiler.
- 07** Elegant body-coloured front bumper with sporty lower front spoiler.
- 08** Sumptuous hand-crafted black Italian leather seats with perforated centre panels and embroidered Sportline logo.
- 09** 17" 6-spoke alloy wheels enhanced with Sportline centre caps.
- 10** Solid full height bulkhead on Caddy Maxi Sportline.

Weights are for vehicles with standard specification. The addition of factory options or Volkswagen Van Centre fitted accessories may affect unladen weight and payload.

The Transporter Sportline. Working hard never looked so good.

The Transporter Sportline range is designed to complement your lifestyle. These exciting models combine desirability and practicality with the performance of a very capable 174PS diesel engine.

Distinctive styling sets the Transporter Sportline range apart. To the rear, a roof spoiler, painted bumpers and a unique badge set the tone. In profile, the visual impact of the chrome side rails becomes apparent whilst also affording a degree of protection against sill damage. A purposeful stance is created with the aid of 30mm reduced suspension springs and 18" special weight-rated alloy wheels and all weather tyres. Body coloured door handles and mirrors also complement the distinctive styling.

Transporter Sportline models arguably have the most powerful impact when viewed from the front. Painted bumpers, a lower spoiler with integrated fog lights and chrome upper and lower grilles give the vehicles commanding road presence.

- 01** Standard Radio/CD player and manually controlled air conditioning.
- 02** Stylish, bespoke Sportline badge.
- 03** Deep storage pockets in front driver and passenger doors.
- 04** Electric windows and electrically adjustable, heated mirror controls.
- 05** Handy storage netting is located under the dash on the passenger side.

Available in three distinctive colours – Diamond Black pearl, Reflex Silver metallic and Tornado Red – the Transporter Sportline range is based on the Transporter T30 and is available as a panel van in either short or long wheelbase or as a short wheelbase kombi. The 174PS TDI engine uses the highly acclaimed PD (Pumpe Duese) diesel technology and develops a hugely impressive 400Nm of torque at 2,000rpm. Coupled with a 6-speed manual gearbox, it is the most powerful diesel engine in the Volkswagen Commercial Vehicles range.

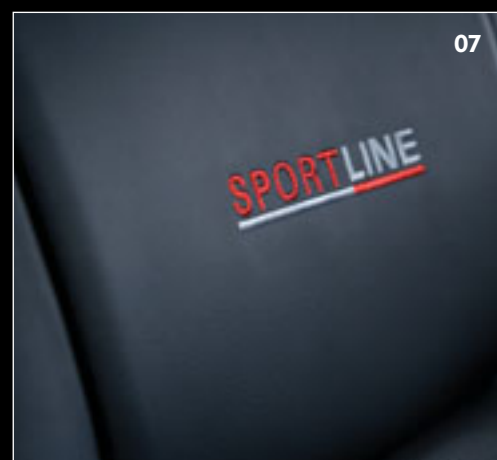

Safety is also key, with ABS (Anti-lock Braking System), TCS (Traction Control System) and EBC (Engine Braking Control) all coming as standard. A driver's airbag is also fitted as standard, as well as 3-point inertia reel seat belts on all seats to further emphasise that the desirability, practicality and performance of the Sportline range is backed up with the appropriate safety measures.

From the inside, Transporter Sportline models offer a well thought out, ergonomic cab. The interior provides a commanding driving position, and standard features such as height and reach adjustable driver's seat and steering column enable you to create the ideal driving environment. Air conditioning is also fitted as standard to help maintain the desired temperature inside the vehicle. The Transporter Sportline panel van and kombi boast plenty of storage areas for the oddments that you carry with you.

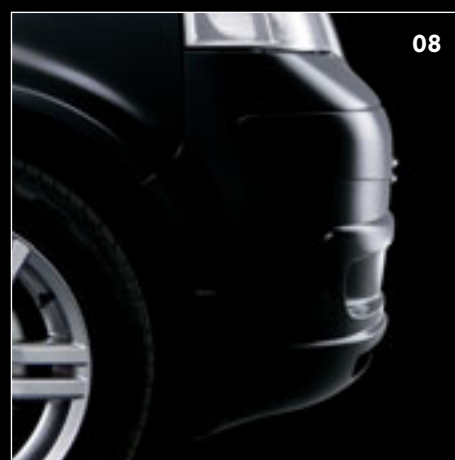

Comfort is also of paramount importance, which is why a comfort seat with armrests for the driver comes as standard. To further enhance an already well-appointed interior, all seats are upholstered in hand-crafted premium grade black Italian leather with micro perforated centre panels, silver stitching and an exclusive Sportline logo embroidered on the seat backrests. In addition, electric front windows and heated, adjustable door mirrors are fitted as standard with conveniently located controls.

07

08

09

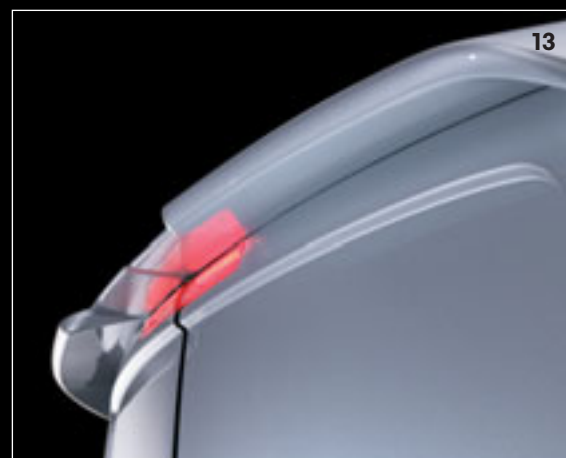

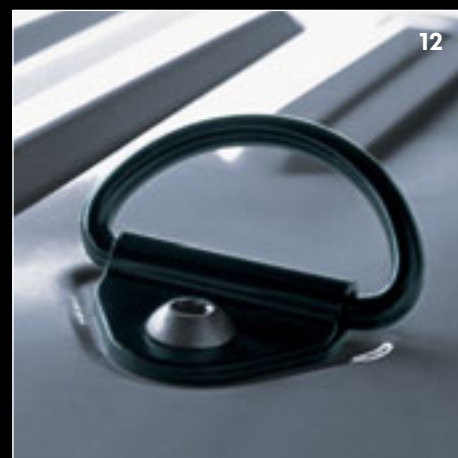

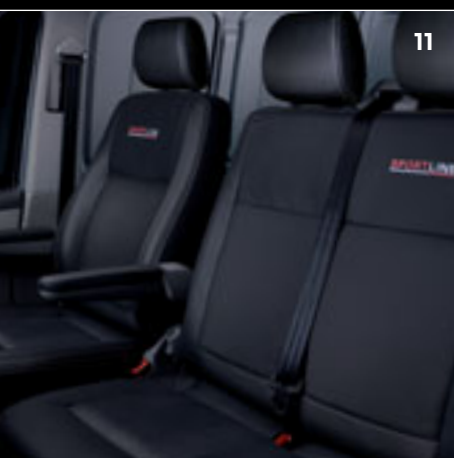

10

- 06** Remote central locking with deadlocks and internal locking button (1 fixed and 1 folding remote key).
- 07** Hand crafted leather with embroidered Sportline logo.
- 08** Stylish painted bumper with front spoiler.
- 09** 18" alloy wheel sporting the Sportline centre caps.
- 10** Sportline models can be specified in Tornado Red (or Reflex Silver metallic and Diamond Black pearl which are available at extra cost).

The Transporter Sportline panel van. Demands respect.

The Transporter Sportline panel van will certainly make a statement about you, your business and your lifestyle. The sport styling and purposeful stance sets the Transporter Sportline panel van apart from the crowd. Backed by a powerful 174PS TDI PD diesel engine to match its stunning looks. And the interior doesn't disappoint, with a luxurious specification, ergonomic dash layout plus a dual passenger seat.

Available in two wheelbase lengths, the Transporter Sportline panel van boasts a load volume of up to 6.7m³ which will carry the tools of your trade as well as the everyday essentials with ease. Access to the rear load compartment is gained through a wide side sliding door and the twin rear doors. A tailgate can be specified as an optional extra. It's a natural choice for those who want to make their presence felt.

- 11** Driver's comfort seat with armrests and dual passenger seat trimmed in Sportline leather.
- 12** 6 load lashing rings in load compartment on SWB, 8 on LWB.
- 13** Rear roofline spoiler, image shows spoiler fitted to rear wing doors. Optional tailgate available.
- 14** Panel van load area with sheet steel flooring, note how the spoiler splits when the rear doors are opened.

The Transporter Sportline kombi. Flexibility with style.

When your lifestyle demands that you need to carry passengers as well as the tools of your trade, the Sportline kombi becomes the essential addition to the family. With the same distinctive styling plus a single passenger seat with reach and rake adjustment and a 3-seat bench in the first rear row, the Sportline kombi can carry up to four passengers plus the driver with ease.

With all the available storage compartments and temperature controlled environment it's a great place for your passengers as well the driver. The rear passenger compartment is well ventilated with side windows that slide open on both sides of the vehicle. The standard tailgate has heated rear window with wash/wipe. All this adds to the comfort for passengers on long journeys so that you arrive refreshed and relaxed.

VAT information.

The VAT paid on the Transporter Sportline kombi can usually be recovered if the vehicle is purchased by a VAT registered business, as it offers a payload of 1,000kg. It is the customer's responsibility to deal with the VAT correctly. Customers should always seek professional advice to establish their own personal tax position.

Volkswagen service for your peace of mind.

Volkswagen Roadside Assistance.

Every new Volkswagen purchased benefits from an unlimited mileage, comprehensive recovery and assistance package across the UK and Europe for a full three years, operating 24 hours a day, 365 days a year. Fully trained technicians are able to diagnose

and repair most problems at the roadside, using Volkswagen equipment and parts. For more information ask your nearest Van Centre for a Volkswagen Roadside Assistance handbook.

The Volkswagen warranty.

Three-year warranty*.

All of the Sportline range come with a three-year/100,000 miles warranty, which protects your vehicle against the failure of most mechanical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/100,000 miles (whichever is soonest) Van Centre warranty. Should the mileage exceed 100,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. If an additional warranty for subsequent years or higher mileage is desired, it may be purchased from an authorised Volkswagen Van Centre or Van Service Centre; however, this additional warranty must be purchased before the mileage reaches 100,000.

Three-year Paint warranty*.

The paintwork of all the Sportline range is covered against manufacturing defects for a period of three years. Naturally, the vehicle must be cared for in compliance with the operating instructions which will be found in your owners handbook.

12-year Body Protection warranty*.

The internal body sections and panels of all the Sportline range are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the operating instructions.

Service intervals for Diesel Engines.**

The LongLife Service regime is so called because there are no set service intervals. The interval between services, depending on how you drive your vehicle and the conditions of use, can be anywhere up to a maximum of approximately 18,000 miles or 24 months (whichever comes first). The Service Interval Display in the instrument panel will indicate when a service is required.

If you would like a more traditional service regime the vehicle can be adapted by your authorised Volkswagen Van Centre or Van Service Centre to the Time/Distance regime. This can be done at the point of vehicle sale or when an inspection service is carried out. An oil change is required at every 10,000 miles on the Time/Distance regime.

Volkswagen Commercial Vehicle Finance.†

Volkswagen Commercial Vehicle Finance offers a dedicated service to meet the needs of both the business user and the private motorist. They can help you choose the right type of finance package to meet your specific requirements. Please consult your authorised Volkswagen Van Centre for details.

Volkswagen Van Insurance.‡

Competitive insurance premiums are available to Volkswagen owners through Volkswagen Van Insurance. Volkswagen Van Insurance includes Genuine Volkswagen Parts and a three-year repairer guarantee, when using our approved network. The cover also includes a courtesy vehicle following an accident or recovered theft of your vehicle and up to £1,000 of 'tools in transit' cover is included at no additional cost. For a quotation, or to arrange complimentary seven-day insurance, call 0800 051 3138.

Volkswagen Original Parts®.

When you fit replacement parts to your vehicle, you need to know that they'll stand the test of time. Volkswagen Original Parts® are constructed to the highest standards, are cheaper than you might think and are widely available from Volkswagen Group's massive national distribution centre.

Options and accessories.

We know that no two businesses are the same. To this end, we have developed an extensive range of factory fitted, as well as Van Centre fitted accessories, so that your van can be enhanced with your own requirements in mind.

Volkswagen Assured Used Commercial Vehicles.

An increasing number of Volkswagen Van Centres are able to offer total peace of mind when purchasing a used van. You can rest in the confidence that every Volkswagen Assured Used Commercial Vehicle has been subjected to a comprehensive range of specialist checks that make them as safe a choice as a new Volkswagen van.

Volkswagen Van Rental.

Many Volkswagen Van Centres offer a cost-effective van rental service. It comes with the assurance that every van is late model, low mileage and presented in a high quality condition that reflects your business operation. Long-term business rental is also available. For more information on Volkswagen Van Rental, call 0845 602 4351.

* Full details of Volkswagen warranties are available from your authorised Volkswagen Van Centre or Van Service Centre.

** All mileages are approximate as the system uses kilometres as the distance measure. Please consult your authorised Volkswagen Van Centre or Van Service Centre for full details.

† Volkswagen Commercial Vehicle Finance is a trading name of Volkswagen Financial Services (UK) Limited. Subject to status. Finance available to over 18s only. Indemnities may be required.

‡ Exclusions apply. Volkswagen Van Insurance is underwritten and administered by Zurich Insurance Company. Volkswagen Van Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited which is an appointed representative of Volkswagen Financial Services (UK) Limited, Freeport VWFS. Volkswagen Financial Services (UK) Limited and Zurich Insurance Company are authorised and regulated by the Financial Services Authority.

Please note: Some items of specification on Sportline vehicles are fitted in the UK by AB Crush (Panelcraft) Limited, an approved Volkswagen supplier. For details of UK fitted items please refer to 'standard specification' sections for each model. All data given and specifications are in accordance with information available at the time of going to print and are subject to change without notice. Vehicles not in current UK stock and customer order vehicles may take a number of weeks for delivery. Certain combinations of vehicle specifications and factory fitted extras are not compatible and therefore all orders received are subject to confirmation. Please check details and availability with an appropriate authorised Volkswagen Van Centre at the time of ordering. The Volkswagen Sportline range is available through Volkswagen Van Centres. The brand name Caddy® is used with the kind approval of 'Caddie S.A., France'.

The Sportline range
