PLUS Tips for picking your ideal vehicle ● How our warranty works for you ● BlueMotion Technology explained

The perfect Transporter – for both drivers and passengers

THE TRANSPORTER HAS been the mainstay of Volkswagen's hugely successful commercial vehicle range for 60 years, and not just for carrying goods and cargo. Almost as soon as the original split-screen hit the roads, it was modified to carry people as well.

Today's Transporter passenger-carrier range is more adaptable than ever, with the versatile window van and the stylish Transporter shuttle available in short- and long-wheelbase configurations. Both can seat up to eight passengers. With a choice of 2.0-litre TDI engines, and BlueMotion Technology for improved economy, the only question is, which model is right for you?

INTRODUCING THE TRANSPORTER

- ✓ Advanced, economical TDI engines
- ✓ **NEW** BlueMotion Technology
- ✓ Fuel economy up to 41.5mpg (combined)
- ✓ Choice of short- or long-wheelbase
- ✓ Flexible eight- or nine-seat options
- ✓ Twin sliding doors on the Transporter shuttle
- ✓ Choice of S or SE trims on the Transporter shuttle

Delivering the goods. It's what we've always done...

Today's much-loved, award-winning Volkswagen vans are only the latest step in a 60-year journey that started with one clever idea

In 1947, Dutch importer Ben Pon spotted workers at Volkswagen's Wolfsburg factory using a stripped-down Beetle to move parts around. Inspired, he sketched the platform for a versatile commercial vehicle that could be adapted to a multitude of uses. From this sketch, the Transporter was born, and the van world has never looked back.

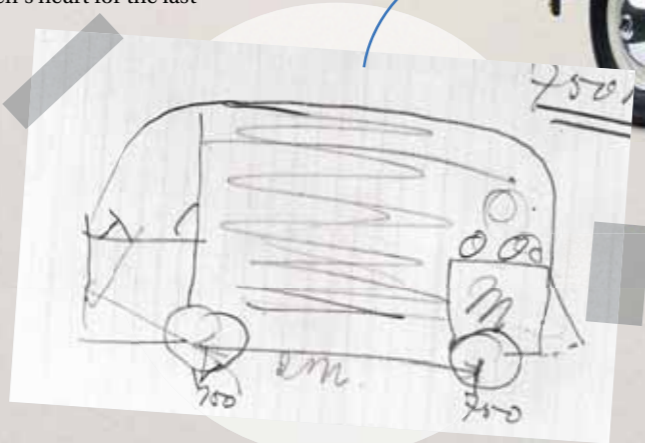

Brilliant then, even better now

Since 1950, millions of Transporters have been built and have proved to be reliable workhorses for delivery drivers and tradesmen all over the world. There's more to owning a Volkswagen than just work, though – Volkswagen vans have always stood out from the pack, which has helped them build a loyal following, from the original 'Splittie' to today's sleek, modern models.

Reliability that endures

Today, Volkswagen's commercial vehicles are more popular than ever, with a diverse range of panel vans, kombis, chassis cabs, passenger carriers, camper vans and even pick-ups. Each is as versatile, spacious and reliable as Volkswagens have always been, but now they're more comfortable, easier to drive and more fuel-efficient than ever before. They're all backed up by a Van Centre network that's ready to solve any problem you may have, too.

Getting the job done efficiently and reliably has been at Volkswagen's heart for the last 60 years, and that's why you can trust us to deliver a van that works for you.

Transporter

The Transporter has been the mainstay of our van range since 1950. It still embodies the original's attributes of space, versatility and reliability, but is now more efficient than ever.

California

The definitive Volkswagen camper van is a true home from home, with four sleeping berths, a fully fitted kitchen and an electric pop-up roof.

Caddy

The compact Caddy has city-friendly dimensions and a car-like feel, but it can still carry big loads or plenty of passengers. Wide rear doors make loading simple, too.

Crafter

The Crafter is the van to have for seriously big tasks. It's available as a van, a chassis cab that you can customise in lots of ways or a window van, and has a payload of up to three tonnes.

Amarok

The Amarok joined the range in 2011. Its off-road and load-shifting credentials earned it the 'International Pick-up of the Year' award, and press praised its comfort and ease of driving.

Caravelle

For the ultimate level of executive comfort, only a Caravelle will fit the bill. It's an outstanding, flexible passenger carrier that can carry people and their luggage efficiently and easily.

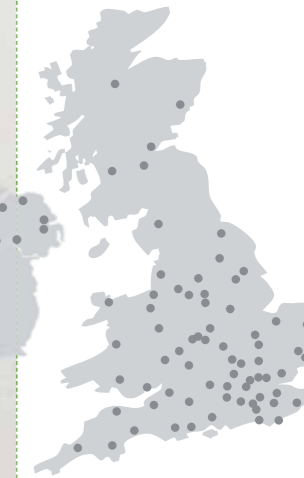

Trust your Van Centre network

OWNING A VAN is about more than just the vehicle – it's about support, too. That means helpful advice, affordable finance, and maintenance and servicing to keep your van running more efficiently for longer.

That's where our network of over 100 Van Centres and Authorised Repairers comes in. All our staff are fully trained to solve any problem you may have.

• Find out how your local Van Centre can help right now – see pages 24-25.

To find your nearest Van Centre or order a brochure, visit www.volkswagen-vans.co.uk or call 0800 717131

Volkswagen round-up

Accolades and awards • BlueMotion Technology across the range • New trims for Caddy and Transporter

Volkswagen vans shine under awards spotlight

Volkswagen Commercial Vehicles has won a host of awards in recent months, including the title of 'Manufacturer of the Year' for 2012 from *Van Fleet World*.

The magazine also awarded the Transporter its 'Best Medium Van' prize, while the Caddy was 'Best Small Van'.

The Transporter was named 'Medium Panel Van' and 'Fleet Van of the Year' for 2012 by *Fleet Van*, while the top-of-the-range Transporter Sportline was *What Van?* magazine's 'Editor's Choice'.

The Caddy 4MOTION® was *What Van?*'s '4x4 of the Year', while the Amarok won 'Pick-up of the Year' from *What Van?* and 'Best Pick-up' at the British Insurance Vehicle Security Awards. The Amarok is also *4x4 Magazine's* 'Pick-up of the Year'.

To cap it all, Volkswagen Commercial Vehicles topped the *Fleet News* FN50 Reliability Survey as the 'Most Reliable Van Manufacturer', with the Caddy, Transporter and Crafter all in the top six.

These awards recognise and prove that our promise to you is truly alive and well. That promise is to bring you products that are more versatile, reliable, efficient and better value for money than ever.

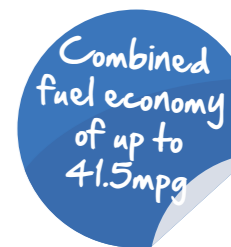

Caravelle Edition 25 is a hit

The limited-edition Caravelle Edition 25 – packed with a wealth of the most exclusive options – was hugely popular when orders opened in January. Make sure you don't miss the next special edition – follow our Twitter feed at [Volkswagen_CV](#)

BlueMotion Technology is here

BlueMotion Technology offers increased fuel efficiency and reduced carbon emissions, and it's available on most models in our range. To find out how BlueMotion Technology can help cut your fuel bills, turn to pages 20-21 or ask your Van Centre for details.

Finance that makes buying your vehicle easy

Getting your hands on a new van or passenger carrier from Volkswagen Commercial Vehicles could be even more affordable – and easier – than you think.

We've got a great range of finance deals that allow us to tailor a solution to the needs of your business and your pocket. That might be a lower initial deposit, or regular, fixed monthly payments that include pre-planned costs

for servicing and maintenance. It all helps you know exactly how much your vehicle will cost now and over the long term.

We have special finance offers, too, which offer you even more value for money, and they're regularly updated. You can find all the latest deals at [www.volkswagen-vans.co.uk](#), or pop into your local Van Centre to find out how we can help you.

Get connected with us online

We've got lots of ways to stay up to date with all that's going on in the world of Volkswagen Commercial Vehicles.

Sign up to Van Mail for the latest news and finance offers, or follow us on Twitter and like us on Facebook for a great mix of news, tips and exclusive competitions.

Our YouTube channel is packed with useful and fun videos, too. To stay connected, just add the links below to your browser's favourites.

New trims offer outstanding value

Now there's even more choice for Caddy and Transporter buyers, thanks to the introduction of new trims that offer a great pack of features at one easy price.

That makes buying a van with a high level of specification really simple and delivers you great value for money.

On Transporter panel vans and kombis, and Caddy panel vans,

Trendline and Highline trims bring extra features to the already well-appointed standard model. On the Transporter, you can also go for the ultra-high-level Sportline trim to really mark out your van and your business from the pack.

If you need to add even more features, there's an extensive list of factory-fit options and Add On accessories.

Get even more with Add Ons

Add Ons is Volkswagen Commercial Vehicles' range of accessories, with lots of work, technology and leisure products that can be fitted by your Van Centre at any time. See pages 46-47 for more details.

Driving

Get from A to B
easily and in comfort

Parking is easy

The short-wheelbase Transporter shuttle and window van are about the same length as a family saloon, making them easy to park. If you add optional parking sensors, fitting into tight spots is even easier.

The perfect way to arrive in style

The Transporter shuttle and window van are packed with features to help move your passengers safely, efficiently and comfortably

The Transporter shuttle and window van have the sort of car-like driving feel that makes it easy to get your passengers to their destination in comfort. That's thanks to compact dimensions that are similar in size to a family saloon, as well as a choice of powerful 2.0-litre TDI engines.

Geared up for easy shifts

All Transporter passenger carriers come with either a five- or six-speed manual gearbox, with an easy-to-reach, dash-mounted gear lever. You can also opt for our seven-speed Direct Shift Gearbox (DSG). Its fully automatic gear changes make it great for city driving, and you can always take control and change gear yourself by simply nudging the gear lever up or down.

Safety comes as standard

The Transporter shuttle and window van are packed with technology to help keep you – and your passengers – as safe as possible on the road. Volkswagen's advanced ESP (Electronic Stabilisation Programme) works with ABS (Anti-lock Braking System), EBD (Electronic Brakeforce Distribution) and TCS (Traction Control

System), while Hill Hold Assist makes hill-starts a doddle. All these features are fitted as standard on every vehicle and work without you having to lift a finger.

Off-road ability

If you'll be driving off-road or where more traction is needed, consider the optional 4MOTION® drivetrain. This all-wheel-drive system automatically sends power to the wheels that need traction most when conditions become slippery.

The Direct Shift Gearbox works as an automatic or a quick-shift manual

ON THE ROAD

Driving tech explained

Direct Shift Gearbox (DSG)

Our seven-speed Direct Shift Gearbox (DSG) is great for city driving. It can be used either as a fully automatic gearbox or as a quick-shift manual. Just nudge the gear lever forwards or backwards to change gear up or down.

4MOTION

4MOTION® is an all-wheel-drive system that helps maintain optimum grip in all conditions. If one wheel loses traction, 4MOTION® reacts in milliseconds and sends more power to the wheels with the better grip.

Comfortable and convenient

Comfortable, versatile and packed with clever features, Transporter passenger carriers are great for keeping your business working – even when you're on the road

There's a good chance that you spend more time in your Transporter than on your sofa at home, so it has to be comfortable. When you're on the road, you also want to stay in touch with colleagues and customers. That's why we've built the cab of the Transporter with both comfort *and* work in mind.

The perfect fit for you

Whether you're doing motorway miles or door-to-door jobs, the Transporter's cab fits like a glove. The dash-mounted gear lever gives you uncluttered floor space, while the ergonomically designed seats provide terrific support. Then there's the dash – clean and tidy, with the key controls just where you want them.

Stay in touch on the move

Your clients want to be able to reach you all the time. That's why we offer optional Bluetooth connectivity, allowing you to connect your phone and speak safely on the move. With a selection of high-quality audio and satellite-navigation systems, you can also stay entertained and on the right road wherever you are.

Electric front windows and electrically adjustable mirrors come as standard

Optional Bluetooth connectivity lets you use your phone without taking your hands off the wheel

Just cruising

Cruise control is an option on all Transporter passenger carriers, and comes as standard on BlueMotion Technology models. By keeping a constant speed, it reduces driver stress and helps keep fuel bills low, especially on long journeys.

Ultra-clear dashboard

All the controls are easy to use, so you stay focused on the road. A gearshift indicator helps you change gear at the most economical moment.

Comfy seats

Our ergonomically designed seats offer terrific support. **Want more?** Our seat options let you choose a layout that's perfect for you and your passengers. See page 40.

Cool and comfortable

Heat-reflective glass keeps things cool, even in the summer.

Want more?

Choose air-conditioning – this gives you even more temperature control. See page 39.

Entertainment and sat-nav to suit you

Want to play MP3s, listen to DAB radio, watch a DVD once you've stopped or add Europe-wide sat-nav? We've got the kit for you. See page 32.

Three-spoke steering wheel

The three-spoke steering wheel is comfortable and easy to use at all times.

Want more?

A multi-function steering wheel (see page 38) and optional Bluetooth let you control your phone and audio system.

Plenty of places to store your stuff

PASSENGER CARRIERS don't carry only people and luggage in the rear – their cabs hold all the clutter of your working day, too. That means invoices, drinks, laptops and more. You'll find lots of clever nooks and crannies in every Transporter – a shelf in the roof, huge door pockets, a large area under the passenger seats and an optional fold-down tray on the passenger seat.

Your local Van Centre can help you choose the right options for you. Find your nearest one on www.volkswagen-vans.co.uk, or call 0800 717131

Seating

Flexible seating solutions to suit your needs

Transporter window van

Fine for nine

The Transporter window van comes with a choice of seating options for up to eight passengers and room for plenty of luggage

The Transporter window van is the perfect vehicle if you want to move large groups of people quickly and efficiently. It comes with a choice of short- and long-wheelbases, three optional roof heights for added headroom and seven different front and rear seat options that allow you to carry up to nine occupants.

The long and tall of it

With a floor height of 572mm, and a side sliding door on the left, getting in and out of the Transporter window van is easy. With roof heights up to 1,925mm on the long-wheelbase model with the high-roof option, there's plenty of headroom for even the tallest passengers.

Seating that suits you

With up to seven seating configurations, you've got a world of choice. In the front, the driver can choose either a single passenger seat, or a two-seater bench to carry an extra person. You can even choose heated or swivelling seats if you opt for the single front passenger seat. In the back, you can have a single row of up to three seats, or two rows totalling up to six.

This level of versatility means you can choose to carry more people, or luggage. To see all the seat options available, turn to page 40.

Keeping cool

Keep your passengers cool with one of our air-conditioning options - see page 39 for details.

Transporter window van features

- ✓ Electrically adjustable and heated door mirrors
- ✓ Driver's seat with height, lumbar, reach and rake adjustment
- ✓ Sliding side door (near side)
- ✓ Tailgate with heated rear window and wash/wipe
- ✓ Electric front windows
- ✓ RCD 210 radio/single CD player
- ✓ Remote central locking
- ✓ Driver and passenger airbags
- ✓ Place cloth upholstery

Style comes as standard

The Transporter shuttle offers increased levels of style and comfort, while still providing seating for up to eight passengers and plenty of space for luggage

The Transporter shuttle has been designed with style and comfort in mind. It takes all of the great practicality and functionality of the Transporter window van and adds even more passenger- and driver-friendly features. That means sliding doors on both sides of the vehicle to make getting in and out that much easier, and a spacious seating layout with plenty of room for up to eight passengers.

Plenty of kit

With a choice of S and SE models, the Transporter shuttle lets you choose your level of interior luxury.

The S model has all the great features of the window van – plus Tasamo cloth upholstery, additional reading lights, arm rests and grab handles. The driver benefits

Looking good

If style is your thing, you should check out our selection of alloy wheels (See page 31 for details)

from this extra comfort, too, with dimmable dashboard illumination and electrically adjustable and heated door mirrors.

Class inside and out

If you want to add even more luxury to your shuttle, you can opt for the SE model, which comes with manually controlled air-conditioning – a great way to keep you and your passengers cool.

The SE also features Timo cloth upholstery and upgraded headlining in the passenger compartment with ventilation strips and reading lights. On the outside, body-coloured bumpers, full wheel trims and chrome radiator grille trim add extra style to give the SE the impressive road presence it deserves.

☎️ Want to see the Transporter shuttle for yourself?
To find your nearest Van Centre, call 0800 717131
or visit www.volkswagen-vans.co.uk

Transporter shuttle S features

- ✓ Electrically adjustable and heated mirrors
- ✓ Side sliding doors on both sides
- ✓ Tailgate with heated rear window and wash/wipe
- ✓ Driver's seat with height, lumbar, reach and rake adjustment
- ✓ Electric front windows
- ✓ RCD 210 radio/single CD player
- ✓ Remote central locking
- ✓ Thatcham category 1 alarm and immobiliser with interior monitoring and tow-away protection
- ✓ Driver and passenger airbags
- ✓ Tasamo cloth upholstery

Transporter shuttle SE features

- ✓ Body-coloured bumpers
- ✓ Carpet floor covering in the cab
- ✓ Chrome trim on the radiator grille
- ✓ Manually controlled air-conditioning on the dash, with rear roof vents
- ✓ Timo cloth upholstery
- ✓ Upgraded headlining in passenger compartment

Engines

Technology that helps cut fuel bills and lower emissions

TDI TECHNOLOGY

Intelligent power to drive you on

The Transporter's advanced 2.0-litre TDI engines are strong and refined. They also help you keep fuel bills to a minimum

Keeping your running costs low is as big a priority as your passengers' comfort. However, thanks to Volkswagen's years of experience developing advanced turbo-diesel technology, the Transporter's 2.0-litre TDI engines now offer more power and use less fuel than ever before – up to 20% less, in fact.

Four versatile engine choices

The Transporter's 84PS 2.0-litre TDI has 220Nm of torque – plenty of power for passengers and luggage.

Yet it boasts fuel efficiency up to 38.7mpg (combined) and CO₂ emissions of 193g/km. Need more power? The twin-turbo 180PS BiTDI has 400Nm torque, with 36.2mpg (combined) and CO₂ emissions of 205g/km

Go even greener

If you want to improve your fuel efficiency another step, and cut emissions even further, you can always choose to add BlueMotion Technology to your engine package. To find out more, turn the page.

Add a sat-nav

A sat-nav system can plot shorter routes and prevent you making wrong turns, and can even navigate around traffic jams. It all helps cut fuel consumption.

Watch your speed

The faster you go, the more fuel you use. Driving at 80mph is not only illegal, it uses 25% more fuel than 70mph. Driving at 60mph could save you 9% more.

Top tips to save you fuel

Cutting fuel use isn't just about engine technology – it's also about being clever. Follow our four tips to make your van as economical as possible.

Use your van's gearshift indicator

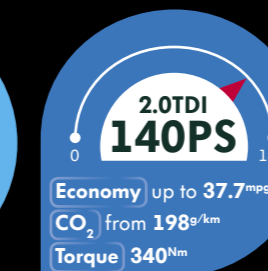

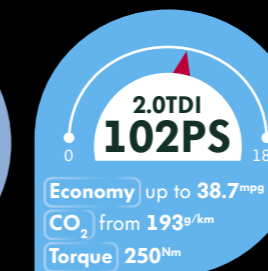

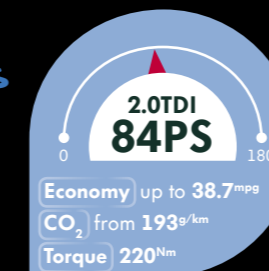

A gearshift indicator is fitted to all Transporters. It helps you change gear at the most efficient times, which cuts fuel use and lowers emissions.

Check your tyres

Up to 20% of a vehicle's fuel consumption is used in overcoming the tyres' rolling resistance. It's even more if your tyres are underinflated, so check them regularly.

Engine specifications

See pages 48 for full engine data

Why torque matters

Torque is often more important than power when it comes to an engine's performance. If you carry heavy cargo often, pick an engine with lots of torque. It will move a heavy load from a standing start better than one with less torque, and keep it moving more easily. It could even use less fuel, because you won't need to rev it as much to get the best out of it.

More miles, less impact

BlueMotion Technology cuts your fuel consumption and CO₂ emissions, and it's now available on the Transporter passenger-carrier range

At Volkswagen, we're as keen as you to reduce the amount of fuel our vehicles use and the impact of their emissions. We know that fuel costs are a big burden on drivers and businesses, so improving our vehicle efficiency brings you even better value. That's why we've introduced BlueMotion Technology to the Transporter range.

The power of technology

All Transporter shuttles and window vans that carry the BlueMotion Technology badge include our energy-saving solutions as standard: start/stop, low-rolling-resistance tyres, brake-energy recuperation and cruise control.

Together, they create lower CO₂ emissions and improved fuel economy, bringing instant fuel savings. You'll save money – and time – at the pumps.

Two engines, all the options

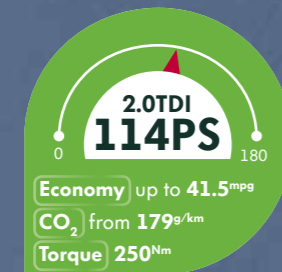

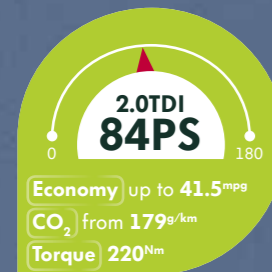

BlueMotion Technology is available on two engines in the Transporter range – the 84PS and 114PS versions. Each delivers combined fuel economy of 41.5mpg and cuts CO₂ emissions to 179g/km.

Another benefit of BlueMotion Technology is that the savings come without compromise, because you can add almost any of the factory-fit options that you like. Your Van Centre can help you choose the best ones for you.

BlueMotion Technology specifications

See page 48 for full engine data

Cruise control

By keeping your van at a constant speed, cruise control saves fuel that would normally be wasted when your speed fluctuates. It's especially useful for driving over long stretches, because it stops your speed creeping up unintentionally and reduces driver stress.

Low-rolling-resistance tyres

Fitting tyres with low rolling resistance means that the engine doesn't have to work as hard to get your vehicle moving – or keep it moving. It all helps to save fuel and reduce carbon emissions.

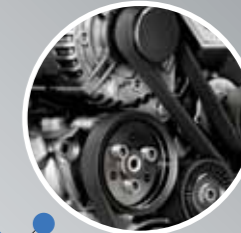

How BlueMotion Technology works to lower your fuel bills and CO₂ emissions

BlueMotion Technology is available on the 84PS and 114PS Transporter shuttle and window vans, and is made up of four elements. Together, they make significant cuts in fuel consumption and CO₂ emissions, which keeps money in your pocket and reduces the impact on the world around us. Here you can learn more about these elements and what they do.

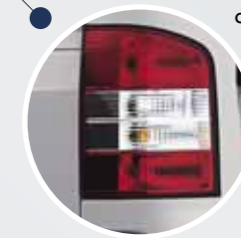

Start/stop

Start/stop allows you to save fuel at traffic lights. When you stop, put your vehicle in neutral, release the clutch and the engine automatically switches off, saving fuel and reducing emissions. When you're ready to go, depress the clutch and the engine starts up again.

Brake-energy recuperation

When braking, energy during deceleration is wasted. Our energy recuperation system uses some of that momentum to turn the alternator and charge the battery. If the battery is well-charged, the engine has to do less work turning the alternator to keep it topped up. This cuts fuel use and emissions.

Full support right from the start

We want to make sure that using your Transporter is as hassle-free and cost-efficient as possible, so every vehicle comes with a three-year warranty and a choice of finance, servicing and insurance options. It all helps to keep the big issues covered

A three-year warranty that lasts up to 100,000 miles

All Transporters get a three-year, 100,000-mile warranty – and so do any factory-fit options that you buy. The vehicle warranty is made up of:

- A two-year manufacturer's warranty with unlimited mileage
- A third-year Van Centre warranty, up to a maximum of 100,000 miles

Even if you exceed 100,000 miles during your first two years, the manufacturer's two-year warranty will still be valid.

Want cover for longer?

You can extend your vehicle warranty online or by phone. You can choose Comprehensive or Major Component cover and either one-off or monthly payments. Call **0845 641 9712** or visit www.volkswagencvwarranty.co.uk for details.

Service options designed to fit your business perfectly

It's only natural that you want to keep your vehicle running at its best. Getting it serviced at a Volkswagen Van Centre is a great way to ensure that's exactly what happens. However, when it comes to servicing, we know every business has different needs. That's why we've developed three different service options for you to choose from:

- Pay Monthly
- Pay Upfront
- Pay On-Demand

Whichever suits your business best, you can rest assured that when you book in your vehicle, it'll be looked at by Volkswagen-trained technicians and they'll use only Volkswagen quality parts. What's more, there's a two-year warranty on the parts and one on labour.

For more details

visit www.volkswagen-vans.co.uk, or call **0800 717131** to learn more.

Volkswagen Insurance keeps you covered*

Volkswagen Commercial Vehicle Insurance can provide you with cost-effective, comprehensive motor insurance. Look at some of the benefits:

- Seven-day free cover to allow you to drive your vehicle away knowing it's insured
- All repairs performed by approved repairers
- Volkswagen quality parts on all repairs
- Courtesy vehicle provided during repair following an accident
- Cover for breakage and damage to glass
- Tools-in-transit cover (up to £1,000)
- In-vehicle personal belongings cover (up to £500)
- Vehicle recovery
- 60-day European Union cover
- Legal expenses cover up to £100,000

We also offer a range of gap insurance products. These help you replace your vehicle or protect you from any financial shortfall if it is written off.

For more details

visit www.insurewithvwcv.co.uk, call **0800 316 7896** or pop into your Van Centre and ask for a Flexible Finance brochure.

* Terms and conditions apply

"If your van's not working, you're not working. That's why we're here to help"

Flexible Finance that makes things affordable

We can also make buying a new van more affordable in the first place. Speak to us about our selection of finance options, which include:

- Contract hire
- Finance lease
- Lease purchase
- Hire purchase

For more details

visit www.volkswagen-vans.co.uk/finance or pick up our Flexible Finance brochure at your nearest Van Centre.

Three years' Roadside Assistance

Sometimes, the unexpected happens. If it does, your new Transporter comes with an unlimited-mileage recovery and assistance package. It lasts the same three years as your warranty and operates 24 hours a day, 365 days a year.

Cover is available across the UK and most of Europe. Our fully trained technicians can diagnose most problems at the roadside and they use Volkswagen quality parts.

Learn more

Visit your Van Centre to get a Volkswagen Roadside Assistance handbook, visit www.volkswagen-vans.co.uk/aftersales/roadside-assistance or call **0800 77 71 72**

Van Centres – always there for you

Our dedicated Van Centre network is the backbone of everything we do, with more than 100 Van Centres and Authorised Repairers throughout the UK

Our Van Centre network offers a wide range of services, from MOTs to accessories, servicing to fully fitted parts. Not only that, but we use Volkswagen quality parts and you get dedicated staff who understand your vans intimately. So pop in for a coffee and a chat, and find out what your Van Centre can do for you.

Turn the page to learn more about our Van Centre network

7 ways your Van Centre can help you right now

Make full use of your nearest Van Centre – it's full of Volkswagen experts who know your vehicle better than anyone and who can help you to get the best out of it

Picking a van that's perfect for your needs

We know that choosing your next van or passenger carrier is a big decision. You want a vehicle that works as hard as you do, both now and for the long-term – one that's versatile, cost-effective and reliable. We're here to help make your choice easier.

Our Van Centre experts can offer advice on every model in the range and help you pick the right vehicle and factory-fit options for your business. They can also advise you on the best finance packages to ensure that your payments make financial sense.

Always on hand to help

Quality servicing you'd expect at a price you wouldn't

Unpredictability and moving goalposts are part of life for a modern business, making it difficult to predict how many miles your vehicle will do in a year, or how long you'll need to keep it. Our National Service Pricing is designed for customers who need the flexibility of being able to book their vehicle in for a service whenever it needs it. When you do, our technicians will do everything necessary to ensure that your vehicle is back on the road, working hard for your business, as soon as possible.

Express Visual Checks – peace of mind for free

Your Van Centre or Authorised Repairer can give your vehicle a free, 29-point Express Visual Check for complete peace of mind. You'll be given a comprehensive report, with the results clearly explained, and your technician will talk you through what work may need to be done in the future, so you can plan ahead and budget for it. If something needs urgent attention, you can get a precise quote before any work is done – and all the Volkswagen parts are covered by a two-year warranty.

Accessories designed to help you get more from your van

Perhaps you've bought a van and your needs have changed – maybe you need a towbar or a roof rack, or perhaps you want to give your van some extra style. That's where Add Ons comes in. Add Ons is an extensive range of Volkswagen-approved accessories, available to buy and be fitted at your local Van Centre. We've got everything from towbars to tailgate spoilers, load nets to leather seats and sat-nav systems to stunning alloy wheels.

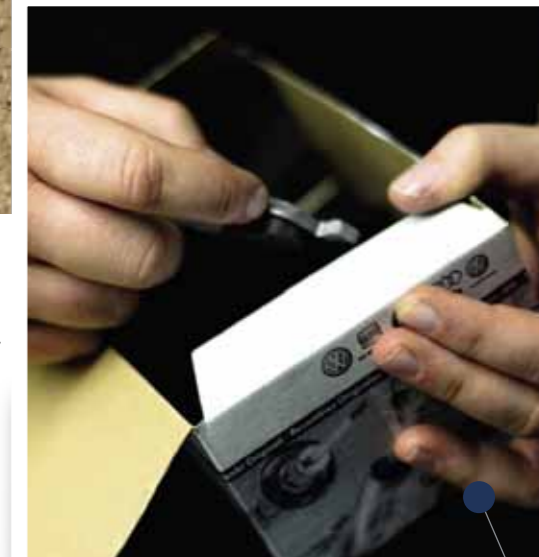

Fast, hassle-free van rental for one-off jobs

Need another van for just a short while? We can hire you any vehicle from our fleet – Caddy, Transporter or Crafter – or passenger-carrier versions of the Transporter and Crafter if you need to move people.

For more information, call the Van Rental team on 01908 467450

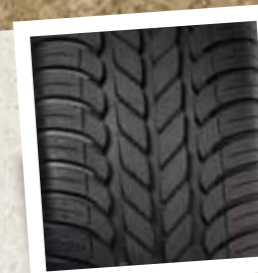

Fully fitted parts for a fixed price – and not a penny more

The pricing of all our Volkswagen quality parts is straightforward and clear, so you know exactly how much you're paying. Even better, when they're fitted by trained technicians at a Van Centre or Authorised Repairer they come with two years' warranty and 12 months warranty on labour. If your van is over five years old, ask us about our Economy Parts range. This is a great-value way to help keep your vehicle 100% Volkswagen – it uses high-quality parts that come with a two-year warranty.

Taking the worry out of tyres

Why run around looking for a fitter who has your tyres in stock? Let us fit new tyres when your van is in for its service and it'll keep your van off the road for less time. We have a huge range of tyres for all Volkswagen vans, from economy to premium brands, including winter tyres.

What else can we do?

Loads! Just pop into any Van Centre and ask us. For example, we may be able to point you to a local signwriter, recharge your air-conditioning, or answer any queries about your vehicle. Whatever it may be, we're here for you.

To find your nearest Van Centre, visit www.volkswagen-vans.co.uk or call 0800 717131

Prices

Every Transporter listed. All the prices you need

Every Transporter has an On The Road package that covers basic vehicle costs

Finance with fixed costs that help you budget for the life of your vehicle

With fixed monthly rentals, Contract Hire is perfect for a business that wants to budget effectively. Including service and maintenance in your agreement will also ensure no unforeseen expenditure.

To find the nearest Van Centre to you, call us on 0800 717131 or visit www.volkswagen-vans.co.uk

Options

Get the best from your vehicle with our quality options

ways to get even more from your Transporter

Audio, phone and sat-nav

You can opt for one of our upgraded stereos with audio and sat-nav, such as our RNS510, with voice or touch-screen control. It has an FM/AM radio with RDS (radio data system) for traffic updates, a CD slot, 30GB hard drive, SD card slot and an aux-in socket. Maps for western Europe are included.

p32

Comfort

Customise your Transporter with an electric glass sunroof, extra storage areas or a multi-function leather steering wheel. You can also add cruise control (standard on BlueMotion Technology models), which can help to save fuel by keeping your speed constant.

p38

Body and chassis

If you want to get more into your Transporter, optional roof packs for the window van add extra height and volume, while our rear-door options will make loading and unloading easier. You can also add rear doors that open 250° for easy access.

p35

Alloy wheels

Alloy wheels can add a really stylish look to your vehicle. Our 18" Canberra wheels come in a set of four with a tyre repair kit and 255/45 R18 tyres, and are available on a variety of Transporter models. There are lots of other wheel designs to choose from, too.

p31

Safety and security

The Transporter has lots of standard safety features, and you can add more, including extra airbags, tyre-pressure warning indicators and fog lights. You could also pick lane-change assist, parking sensors or an alarm pack.

p43

Options: Paint

You want your vehicle – and your business – to make an impression. The most striking way to do that is to opt for a distinctive paint finish

† Alloy wheels are not available for T32 Transporter shuttle and window van

Keep your alloys in perfect condition
Brake dust is full of abrasive and corrosive metal and carbon particles, so clean your alloys every couple of weeks with a specialist brush and cleaning fluid, then coat them with a wax protector. You can buy these at your local Van Centre.

If you want even more choice for alloy wheels, check out our Add Ons accessories range. Ask your local Van Centre for a brochure, call 0800 717131 or download a copy at www.volkswagen-vans.co.uk

Check your roof height

Roof packs are great for adding load height and volume to your window van, but make sure they suit where you work. Height restrictions in city-centre car parks could be as low as 1.8m. Check your van’s height in the data section on pages 58-67.

Fit an extra side door

The Transporter window van comes as standard with a sliding door on the passenger side. Fitting a side door on the driver side gives you safe access however you park. The Transporter shuttle comes with sliding doors on both sides.

Choose rear doors

Transporter window van and shuttle models come as standard with a tailgate that has a heated rear window with wash/wipe. You can change to the options shown left.

Useful towing tips

- 1. Watch your weight**
Make sure your trailer doesn't exceed your vehicle's maximum towing limit or its gross train weight. You'll find these in your handbook.
- 2. Load well, stay stable**
Put heavy items low down over the trailer axle. Ensure the trailer has a slightly nose-down attitude, but that it doesn't exceed the vehicle or trailer's nose weight limit.
- 3. Check your tyres**
Your tyres may need to be inflated to a greater pressure to cope with the extra load. Check your vehicle's handbook.

Leather steering wheel, gear knob and gaiter	£125.00	£150.00	£125.00	£150.00	£125.00	£150.00
Multi-function leather steering wheel, with leather gear knob and gaiter Includes multi-function display and controls for radio and mobile phone	£290.00	£348.00	£290.00	£348.00	£290.00	£348.00
Servotronic Speed-dependent, power-assisted steering	£350.00	£420.00	£350.00	£420.00	£350.00	£420.00

Choose cruise control

Cruise control can help reduce the fatigue and stress of sticking to speed limits on long journeys. It also helps reduce the amount of fuel you use by cutting out the acceleration and braking used to keep up with road speed.

Options: **Heating and ventilation**

Keep control of the temperature in your vehicle with our heating and air-conditioning options

Lights						
Front fog lights with cornering function	£270.00	£324.00	£270.00	£324.00	£270.00	£324.00

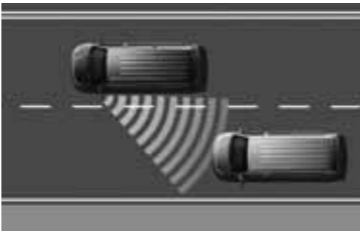

Useful security tips

1. Get an alarm
- Alarm noise may be enough to scare a thief and prevent a costly break-in.
2. Lock your doors
- Even if you're away from your van only for a minute, locked doors deter thieves looking for an easy target.
3. Keep it tidy
- Seemingly trivial items can still be bait to thieves. Stow gadgets out of sight or take them with you. Thieves know to look in the glove box, too.
4. Park for visibility
- Use well-lit areas. Avoid parking near vehicles or foliage that a thief could use for cover. Parking right up against walls can stop a thief getting in through your vehicle's doors.

Want more? Pick an Add On...

The Transporter comes with a wide range of factory-fit options, but you may want something extra. That's where Add Ons come in

Add Ons is the new name for our extensive range of Volkswagen-approved accessories, available to buy and be fitted at your Van Centre.

Whether you want to add extra style to your vehicle, get more out of your load space, convert a work vehicle for weekend leisure or add extra audio, phone and sat-nav to your cab, we've got lots of Add Ons for you.

Help keep it 100% Volkswagen

There are big advantages to buying your accessories from Volkswagen. Add Ons have all been designed with Volkswagen in mind, so they're a perfect match for fit and style, and they've been designed and developed to be just as rugged, reliable and long-lasting as your vehicle.

Keep your Add Ons covered

Most Add Ons include a two-year warranty. However, if you order and fit them when you buy a new vehicle, we may be able to extend to three years to match your vehicle's warranty. Pop into your Van Centre and ask our staff about how much Add Ons can add to your life.

Add Ons
Accessories to help keep your vehicle 100% Volkswagen

To get a brochure, pop into a Van Centre. To find your nearest one, call 0800 717131 or visit www.volkswagen-vans.co.uk

Top five Transporter Add Ons

1 Monster mats
The deep channels in these heavy-duty mats stop liquids and dirt spilling onto the cab floor.

2 Roof-bar set
Adding roof bars can boost your load capacity by 100kg. You can use them with our roof bar accessories.

3 Waterproof seat covers
Protects your driver and front passenger seats from wet and dirt. Not for vehicles with side airbags.

4 Bluetooth® Music Touch Phone kit
Control your phone by touch-screen or by voice, and have your texts and emails read to you. It plays music from your phone, too.

5 Reversing aid kit
The four sensors can be painted to match your vehicle's body colour.

Door mirrors, electrically heated and adjustable	Digital clock
Galvanised full steel body	Driver and front passenger seats with height, lumbar, reach and rake adjustment and armrests
Grey bumpers	Electric front windows
Heat reflective glass	Interior light
Steel wheels: 16" x 6.5J (84PS, 102PS, 114PS and 140PS models) 17" x 7J (180PS models)	Manually controlled heating system with dust and pollen filter and air recirculation
Tyres: 205/65 R16 (84PS, 102PS and 140PS models); 215/65 R16 with low rolling resistance (BlueMotion Technology models); 235/55 R17 (180PS models)	RCD 210 radio/single CD player with 4 speakers
Full-size steel spare wheel with tool kit and jack	Rev counter
Tailgate with heated rear window and wash/wipe system	Lockable glove compartment
	Storage net on lower dash passenger side
	Gearshift indicator
	Rubber floor covering
	‘Tasamo’ cloth upholstery
	Dimmable dashboard illumination
	Sunblinds for side windows in passenger compartment
	2-seat bench (right) with 2x ISOFIX mountings and separate seat (left) in 2nd row
	3-seat bench in 3rd row, folding and tipping
	Grab handle on A-pillar for driver and front passenger
	Reading lights in headlining for rear passenger compartment
	Load lashing rings (6 x short wheelbase, 8 x long wheelbase)
SAFETY AND SECURITY	
Driver and front passenger (with deactivation) airbags	
Electronic Stability Programme (ESP) incorporating Anti-lock Braking System (ABS), Brake Assist System (BAS), Electronic Brake-pressure Distribution (EBD), Electronic Differential Lock (EDL) and Hill Hold Assist	
Height-adjustable head restraints	
Reach and height-adjustable steering column	
Remote central locking with internal locking switch and two remote folding keys	
Thatcham Category 1 alarm and immobiliser with tow-away, perimeter and interior protection	

Transporter shuttle SE
In addition to Transporter shuttle S:
Body-coloured bumpers, door mirrors and handles
Carpet floor covering
Chrome detailing in upper grille
Wheel trims
‘Climatic’ semi-automatic air-conditioning system
Storage pockets on front seat backrests
Timo cloth upholstery
Premium dashboard (includes Platinum Grey centre console surround, rubber storage compartment trays and air vent controls)
Trip computer with multi-function display
Washer fluid level indicator
2-tone horn
Deluxe headlining, incorporating ventilation strips and adjustable reading lights
Tyres 215/60 R17 all-weather (T32 180 models)
BlueMotion Technology models
In addition to Transporter shuttle S and SE:
Low rolling resistance tyres
Stop/start system
Cruise control
Brake energy recuperation
BlueMotion Technology exterior badge

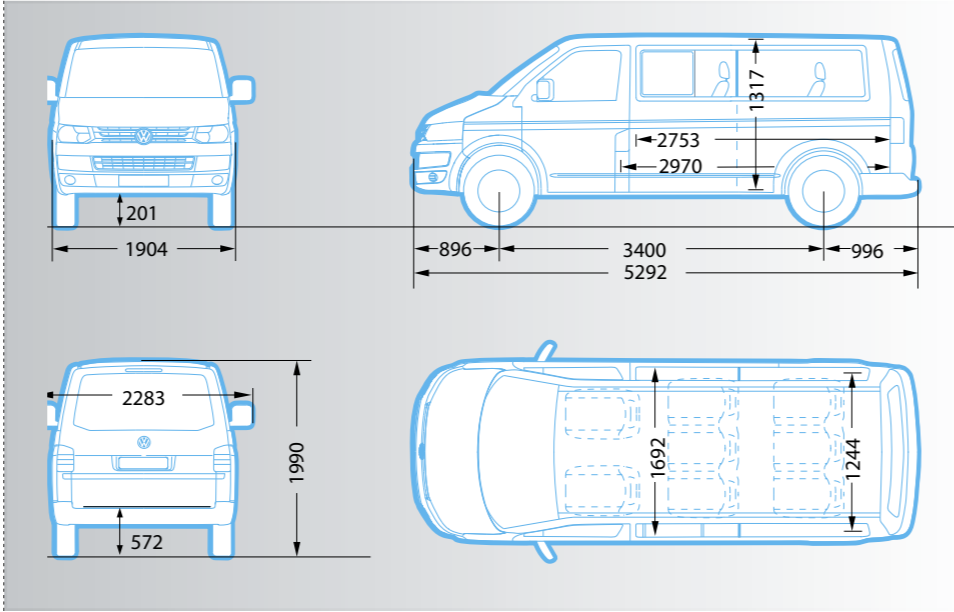

Dimensions and weights: Transporter shuttle

Short wheelbase

Dimensions		
Wheelbase	3,000	Side sliding door
Load compartment		Width 1,020
Length	2,570	Height 1,268
Width	1,692	Tailgate
Width (between wheel housings)	1,244	Width 1,486
Height	1,317	Height 1,295
Area	4.3m³	
Volume	5.8m³	
Turning circle (wall to wall)	11.9m	

Long wheelbase

Dimensions		
Wheelbase	3,400	Side sliding door
Load compartment		Width 1,020
Length	2,970	Height 1,268
Width	1,692	Tailgate
Width (between wheel housings)	1,244	Width 1,486
Height	1,317	Height 1,295
Area	5.0m²	
Volume	6.7m³	
Turning circle (wall to wall)	13.2m	

All dimensions in mm unless otherwise specified

Vehicle Excise Duty (VED)

Passenger vehicles' Vehicle Excise Duty (VED) is based on the amount of CO₂ the vehicle emits in g/km. The Driver and Vehicle Licensing Agency (DVLA) has created 13 categories as detailed below. From 1 April 2010, a 'First Year Rate' of VED has applied. The chart below shows the VED bands and the charges levied:

VED band	CO ₂ emissions (g/km)	First-year rate (£)	Rate for subsequent years (£)
A	Up to 100	0.00	0.00
B	101-110	0.00	20.00
C	111-120	0.00	30.00
D	121-130	0.00	100.00
E	131-140	120.00	120.00
F	141-150	135.00	135.00
G	151-165	170.00	170.00
H	166-175	275.00	195.00
I	176-185	325.00	215.00
J	186-200	460.00	250.00
K	201-225	600.00	270.00
L	226-255	815.00	460.00
M	Over 255	1030.00	475.00

The small print and the footnotes

Print processes do not allow exact reproduction of the paint and upholstery colours. Some of the vehicles shown are fitted with optional equipment at extra charge.

All data given and specifications are in accordance with information available at the time of going to print and are subject to change without notice. Vehicles not in current UK stock and customer order vehicles may take a number of weeks for delivery. Certain combinations of vehicle specifications and factory-fitted extras are not compatible and therefore all orders received are subject to confirmation. Models, factory-fitted options and paint and upholstery options subject to availability. Please check details and availability with an appropriate authorised Volkswagen Van Centre at the time of ordering.
